IS PLEASED TO CONFER

## Best KVK Scientist Award - 2021

For outstanding contributions in farm advisory services under Transfer of Technology and  
Conducting participatory research for upliftment of farming community of operational area of KVK  
on

Name: Dr. Neeraj Hada  
Department: Scientist (Crop Science)  
City: Udaipur

## CITATION

Dr. Neeraj Hada, Scientist (Crop Science), obtained his PhD from MPUAT, Udaipur and serving in the Directorate of Extension Services, Rajmata Vijayaraje Scindia Krishi Vishwa Vidyalaya, Gwalior. He has conducted 208 Farmer & Farm Women Trainings, 27 Trainings for Extension Personnel, 8 Sponsored Trainings, 8 Vocational Trainings, 2 Skill Development Trainings, 59 On Farm Trials, 80 Front Line Demonstrations, 41 Field Days, 6 Kisan Melas, and 381 other Extension Activities. He has published 16 research papers, 76 abstracts, 46 popular articles, 4 books, 9 training manuals and 16 technical bulletins. His work was instrumental in disseminating improved agricultural technologies, increasing the yield of crops, and securing the livelihoods of the farmers in the district. He has received the best extension worker award from the district collector of Kota and Sheopur. He is also the recipient of an excellence award in extension from the society for scientific development in agriculture and technology.

The award was presented during the ISEE National Seminar 2021 on  
*"Transforming Indian Agriculture Through Pluralistic and Innovative Extension  
Approaches for Self-Reliant India"*  
on 6th October, 2021 at Banaras Hindu University, Varanasi

NATIONAL AWARD FOR APPLICATION  
OF AGRICULTURAL TECHNOLOGIES

VASANTRAO NAIK AWARD FOR OUTSTANDING RESEARCH  
APPLICATION IN DRYLAND FARMING SYSTEMS 2020

Dr. D.V. Bhagat  
Senior Scientist, Agronomy  
Rajmata Vijayaraje Scindia Agricultural University, Gwalior

#### CITATION

Dr. Deepak Han Ranade, Ex. Chief Scientist, SWCE (Team Leader) and his team which includes Dr. Indu Swarup, Principal Scientist, Plant Breeding; Dr. M. P. Jain, Ex. Chief Scientist, Agronomy; Er. M. L. Jadav, Scientist, SWE and Dr. D.V. Bhagat, Senior Scientist, Agronomy, from Rajmata Vijayaraje Scindia Agricultural University, Gwalior have been awarded Vasant Rao Naik Award for Outstanding Research Application in Dry Land Farming Systems 2020. The team of Dr. D.H. Ranade made many significant achievements while working in an Operational Research Project for Dryland Agriculture and National Innovations on Climate Resilient Agriculture projects particularly for increasing farm productivity and farm income through crop improvement and agronomical technology for dryland crops. The usefulness of these techniques can be increased manifold by adopting natural resource management programmes and for sustainable agricultural productivity. The activities of Operational Research Project involve the adoption and evaluation of different soil and water conservation measures. For this, attempts have been made to conserve the natural resources like soil and water using earth moving machineries. The heavy machines have been used for the development of various water bodies viz., water harvesting tank, percolation tank, for drainage line treatment and even for the deep tillage operations to augment water requirement of different crops grown in the adopted villages. The results of these soil and water activities are found very promising and have been accepted and appreciated by one and all as it has increased the socio-economic condition of the farmers of the area. The work carried out under the project has been a source of information to farming community of Malwa and Nimar region and will surely bridge the existing gap and enhance the awareness for natural resource management through land developmental aspects and activities of Agricultural Engineering for soil and water conservation and Rainwater Management.

**OFFICE OF JOINT DIRECTOR AGRICULTURE  
BHOPAL DIVISION MP**

**CERTIFICATE OF HONOUR**

Dr Ramesh Chandra Jain, Principal Scientist (Soil Science and Agricultural Chemistry) AICRP On Soybean, RAK College of Agriculture Sehore, MP, India has been actively and enthusiastically Participated in various On-campus , off-campus, Online, exhibition, kisan mela, kisan sangoshthi (more than 60 each) Research Activities, Training programmes, Krishi Mahotsav organized by Government of Madhya Pradesh and its Extension and developmental activities in the field of Agriculture in the zone, Sehore M.P. since he joined his duties as a Principal Scientist (Soil Science) in AICRP On Soybean Sehore MP, India. Dr Jain has been associated with the contribution of developing new soybean varieties which so much popular amongst farmers. It is to mention proudly that Dr Jain has meticulously made efforts to help the District administration Sehore since long back, With his valuable discussions together with the presentation before the District Magistrate, Sehore MP. Dr Jain has delivered so many valuable radios, training, and TV Talks on his subjects of specialization for the welfare of scientific, students and farming Communities.

Dr Jain is a sincere, hardworking, and enthusiastic Scientist to whom any job of responsibility can be assigned. Dr. Jain bears good moral character. I wish him a very bright success in his future.

NATIONAL AWARD FOR APPLICATION  
OF AGRICULTURAL TECHNOLOGIES

VASANTRAO NAIK AWARD FOR OUTSTANDING RESEARCH  
APPLICATION IN DRYLAND FARMING SYSTEMS 2020

Dr. D.V. Bhagat  
Senior Scientist, Agronomy  
Rajmata Vijayaraje Scindia Agricultural University, Gwalior

#### CITATION

Dr. Deepak Han Ranade, Ex. Chief Scientist, SWCE (Team Leader) and his team which includes Dr. Indu Swarup, Principal Scientist, Plant Breeding; Dr. M. P. Jain, Ex. Chief Scientist, Agronomy; Er. M. L. Jadav, Scientist, SWE and Dr. D.V. Bhagat, Senior Scientist, Agronomy, from Rajmata Vijayaraje Scindia Agricultural University, Gwalior have been awarded Vasant Rao Naik Award for Outstanding Research Application in Dry Land Farming Systems 2020. The team of Dr. D.H. Ranade made many significant achievements while working in an Operational Research Project for Dryland Agriculture and National Innovations on Climate Resilient Agriculture projects particularly for increasing farm productivity and farm income through crop improvement and agronomical technology for dryland crops. The usefulness of these techniques can be increased manifold by adopting natural resource management programmes and for sustainable agricultural productivity. The activities of Operational Research Project involve the adoption and evaluation of different soil and water conservation measures. For this, attempts have been made to conserve the natural resources like soil and water using earth moving machineries. The heavy machines have been used for the development of various water bodies viz., water harvesting tank, percolation tank, for drainage line treatment and even for the deep tillage operations to augment water requirement of different crops grown in the adopted villages. The results of these soil and water activities are found very promising and have been accepted and appreciated by one and all as it has increased the socio-economic condition of the farmers of the area. The work carried out under the project has been a source of information to farming community of Malwa and Nimar region and will surely bridge the existing gap and enhance the awareness for natural resource management through land developmental aspects and activities of Agricultural Engineering for soil and water conservation and Rainwater Management.

### सहभागिता प्रमाण पत्र

ग्रामोदय मेला "आदि ग्राम कुंभ" विप्रकूट में 24-27 फरवरी, 2019 को सम्पन्न हुआ। भारत की प्रगति का विहंगम दृश्य करने वाले इस भव्य व विशाल मेले में कृषि विज्ञान केंद्र, रा.वि.सि.क. सि. अलिपर की सहभागिता ने मेले को समृद्ध बनाने में विशिष्ट योगदान दिया।

ग्रामीण अंचल में इस तरह के अभिनव प्रयास में आपकी सहभागिता ने ग्रामवासियों का देश की मुख्यधारा से साक्षात्कार कराने व एकता करने में उल्लेखनीय योगदान दिया। उसके लिए आपकी संस्था का विशेष आभार।
