**National Webinar on "Bharat Me Kharpartwar Vigyan Anusandhan :
Udhmita ke Absar" on dated 17.03.2021**

राष्ट्रीय वेबीनार

NAHEP

भारत में खरपतवार विज्ञान अनुसंधान : उद्यमिता के अवसर

अखिल भारतीय समन्वित खरपतवार प्रबंधन परियोजना एवं NAHEP परियोजना,
कृषि महाविद्यालय, रा.वि.सिं.कृ.वि.वि., ग्वालियर द्वारा

17 मार्च 2021 समय : 3.00 PM – 5.00 PM

संरक्षक एवं मुख्य अतिथि

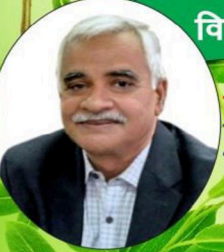

डॉ. एस. के. राव
कुलपति
रा.वि.सिं.कृ.वि.वि., ग्वालियर

संरक्षक संयोजक

डॉ. डी.एस. रनाडे
अधिष्ठाता कृषि संकाय
रा.वि.सिं.कृ.वि.वि.,
ग्वालियर (म.प्र.)

विशिष्ट अतिथि

डॉ. जे. एस. मिश्रा
निदेशक
भाकूअनुप-खरपतवार अनुसंधान
निदेशालय, जबलपुर

संयोजक

डॉ. एम. पी. जैन
निदेशक अनुसंधान
रा.वि.सिं.कृ.वि.वि.,
ग्वालियर (म.प्र.)

मुख्य वक्ता

डॉ. ए. आर. शर्मा
निदेशक अनुसंधान
रानी लक्ष्मीबाई केन्द्रीय वि.वि.,
झोंसी (उ.प्र.)

मुख्य विचार

डॉ. शोभा सोधिया
प्रधान वैज्ञानिक
भाकूअनुप-खरपतवार अनुसंधान
निदेशालय, जबलपुर

सह संयोजक

डॉ. शैलि सिंह
अधिष्ठाता
कृषि महाविद्यालय, ग्वालियर

डॉ. संजय शर्मा
परियोजना प्रभारी,
NAHEP, ग्वालियर

डॉ. व्ही. बी. सिंह
(विभागाध्यक्ष, सांख्यिकीय)
कृषि महाविद्यालय, ग्वालियर

डॉ. एस.एस. भदौरिया
(सहायक प्राध्यापक)

डॉ. एकता जोशी
(वैज्ञानिक)

डॉ. शशी सिंह यादव
(विषय वस्तु विशेषज्ञ)

डॉ. अमिता शर्मा
(विषय वस्तु विशेषज्ञ)

आयोजन सचिव

डॉ. दीप सिंह सासोडे
विभाग प्रमुख एवं परियोजना प्रभारी
अ.भा.स. खरपतवार प्रबंधन परियोजना,
ग्वालियर

डॉ. वर्षा गुप्ता
वैज्ञानिक (सस्यविज्ञान)
अ.भा.स. खरपतवार प्रबंधन परियोजना,
ग्वालियर

आयोजन समिति

श्री विनोद पटेल
(तकनीकी सहायक)

डॉ. स्वतंत्र कुमार साहू
(रिसर्च एसोसिएट)

डॉ. प्रगति अग्रवाल
(SRF)

समय	कार्यक्रम	वक्ता
3.00 PM– 3.05 PM	स्वागत एवं वेबीनार का परिचय	डॉ. एकता जोशी
3.05 PM– 3.10 PM	अ.भा.स खरपतवार प्रबंधन परियोजना में किये गये विशिष्ट कार्यों का संक्षिप्त विवरण	डॉ. एम. पी. जैन
3.10 PM– 3.20 PM	विशिष्ट अतिथि उद्बोधन	डॉ. जे.एस. मिश्रा
3.20 PM– 3.30 PM	मुख्य अतिथि उद्बोधन	डॉ. एस.के. राव
3-30 PM– 3.40 PM	मुख्य विचार	डॉ. शोभा सोधिया
3-40 PM– 4.30 PM	मुख्य वक्ता	डॉ. ए.आर. शर्मा
4.30 PM– 4.55 PM	प्रतिभागी चर्चा	समस्त वैज्ञानिक, किसान एवं छात्र
4.55 PM – 5.00 PM	धन्यवाद ज्ञापन	डॉ. दीप सिंह सासोडे

राष्ट्रीय वेबीनार में भाग लेने के लिये दिये गये मीटिंग लिंक का प्रयोग करें।

विषय - अखिल भारतीय समन्वित खरपतवार प्रबंधन अनुसंधान परियोजना के अन्तर्गत प्रक्षेत्र दिवस आयोजन कि स्वीकृति बावत्।

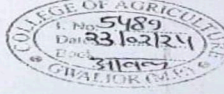

उपरोक्त विषयांतर्गत लेख है कि अखिल भारतीय समन्वित खरपतवार प्र अनुसंधान परियोजना के अन्तर्गत रवी 2023-24 में प्रथम पंक्ति प्रदर्शन तथा 3 अनुसंधान किसानों के पक्षेत्र पर आयोजित किये गए है, जिसके उपलक्ष्य में दिनांक 27 फरवरी 2024 को ग्राम हसनपूरा तथा विरजा में प्रक्षेत्र दिवस आयोजित किया ज प्रस्तावित है। जिसके लिए निम्न मद में राशि की आवश्यकता है।

जिसका विवरण निम्न प्रकार है।

क्र.	सामग्री	राशि
1.	POL	2000/-
2.	Refreshment	1600/-
3.	Miscellaneous (Flex)	400/-
Total		4000/-

अतः उक्त प्रक्षेत्र दीवस आयोजित करने एवं आयोजन हेतु उपरोक्त सामग्री कय करने की अनुमति हेतु प्रस्तुत है।

World pulse Day

Theme of the Year: Pulses to empower youth in achieving sustainable agrifood systems

10/02/2022

Brief Report

World pulse day was organized by in the Department of Agronomy, College of Agriculture, Gwalior with the Collaboration with the All India Network Project on Arid legumes and AICRP on Groundnut on 10/02/2022.

The programme was chaired by **Dr.S.S.Tomar** , Dean College of Agriculture, Gwalior . He addressed the **Environmental benefits of the pulses**. The nitrogen-fixing properties of pulses for improving soil fertility and also by using pulses for intercropping and cover crops, farmers can also promote farm biodiversity and soil biodiversity. He also emphasized the leading role of university in the seed production of pulses.

As a special guest **Dr. R.K.Pandya** , PI & Principal Scientist, AICRP on Pearl millet, College of Agriculture, Gwalior given the lecture on **Importance of pulses**. He also mentioned pulses have a high protein content, making them an ideal source of protein particularly in regions where meat and dairy are not physically or economically accessible. Pulses are low in fat and rich in soluble fiber, which can lower cholesterol and help in the control of blood sugar. These qualities they are recommended by health organizations for the management of non-communicable diseases like diabetes and heart conditions.

Head of the section Dr. D.S.Sasode , Senior Scientist (Agronomy) , College of Agriculture, Gwalior, Dr. R.S.Sikarwar, PI & Scientist (Plant Breeding), AICRP on Groundnut, Dr.Ekta Joshi, Dr. Nisha Singh, All the Research scholars and other staff members were present during the programme.

The programme was hosted by Dr. Rajni Singh Sasode, PI & Scientist (Plant Pathology), AINP on Arid legumes, College of Agriculture, Gwalior and vote of thanks were given by Dr. Varsha Gupta , Scientist (Agronomy), College of Agriculture, Gwalior

1. Yoga session at Gargi girls hostel (21 June to 30th June 2023)

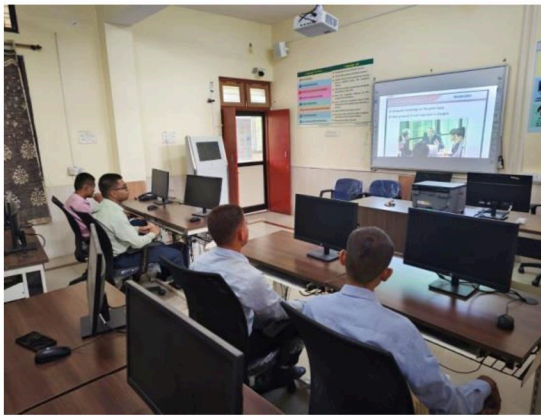

Yoga at Gargi girl's hostel by Yoga teacher Miss Payal Bharve

2. Language lab -2023-24

Language laboratory is a system that transforms a passive language class into an active speaking-based learning environment. This helps the language teacher to save a substantial amount of time and manage their language classes more efficiently. English Language lab is conducted every Thursday and Friday. It focuses on language skills and efficiently develops the skills in students.

Language lab for B.Sc I year Class 2023-24

3. Meditation as a solution for positive mental Health- (07th-15thFeb,2024)

Shri Vivek Patidar of heartfulness programme took meditation session daily. With sharing his thoughts with students he told that health and fitness is most important aspect of our life and nothing is more important than health for any human being. He concluded his lecture with the word “if we are happy, we can talk to our near and dear one, we can laugh smile, travel, enjoy food and sleep well”.

Year 2022-23

1. Online Spoken English/ Personality development class-

English spoken classes were conducted for students. English and communication plays a vital role in the process of satisfying human needs and achieving our goals. During this session, classes on Spoken English, Importance of Communication, Personality development etc were taken by Dr. O.P. Sharma every week.

Spoken English and Personality development classes were taken by Dr. O.P. Sharma

The 8th International **Yoga Day** was celebrated and organized in the premises of **B.M. College of Agriculture**, Khandwa. 3 days Yoga sessions were organised in the college premises from 21-07-22 to 23-07-22. All the students and faculties actively participated during the programme.

“Heartfulness” Enabled leadership Mastery, workshop (12, 13 & 15 Dec 2022)

LIFE SKILLS (01)

ACTIVITY I : 4 days workshop on Brain Development

Report on Brain Development Workshop

College of Agriculture, Indore conducted a 4-day workshop on Brain development under the Shine and Divine club headed by the Dean, College of Agriculture Indore Dr. Mridula Billore, from 12th September to 15th September 2023 from 9:30 am to 10:30 am. The organizing committee members of this workshop were: Dr. K.S. Bangar, Dr. Sanjay Dubey, Dr. Ankita Sahu, and Dr. Neha Dwivedi. The resource person for this workshop was Ms. Ariha Sugandhi from the Yoga Prana Vidya Organization. All the faculty and students of B.Sc. (Hons.) Agriculture. Actively participated in this workshop. On the First day session, Ms. Sugandhi enlightened students about the correct way of Rhythmic Yogic breathing that helps to reduce stress and anxiety, and boost confidence. On the Second day of the session, Super Brain Asana was taught to the students and staff which increase cognitive ability in the short and medium term, helps in increasing memory, and to achieve aim easily. The third-day session was all about Forgiveness Sadhana to channel a peaceful, calm life and let go of past negative emotions for the betterment of one's life. On the last day of the session, participants learned about Planetary Peace Meditation which makes one physically, emotionally, and mentally strong, enhances happiness, and helps to attain higher energy levels. The session ended with a vote of thanks to Ms. Ariha Sugandhi on behalf of the College of Agriculture, Indore by Dr. Swati Barche.

TOTAL		17				53,000.00

Short-term certificate course
on
Urban Horticulture - Terrace Gardening and Vertical Gardening

Urban horticulture is the science and study of the growing plants in an urban environment. It focuses on the functional use of horticulture so as to maintain and improve the surrounding urban area. It creates more green space and reduces pollution. Areas with community gardens and urban farms also increase property value. Health and Wellness: Urban farming creates fresh produce closer to where it is ultimately consumed.

Objectives:

It creates more awareness of green space, reducing pollution, property value, health, wellness and new emerging line to become entrepreneur.

Target Group - B.Sc. (Hons.) Agriculture (1-Year Students)

Duration - 10 days

Host Institution - College of Agriculture, Indore

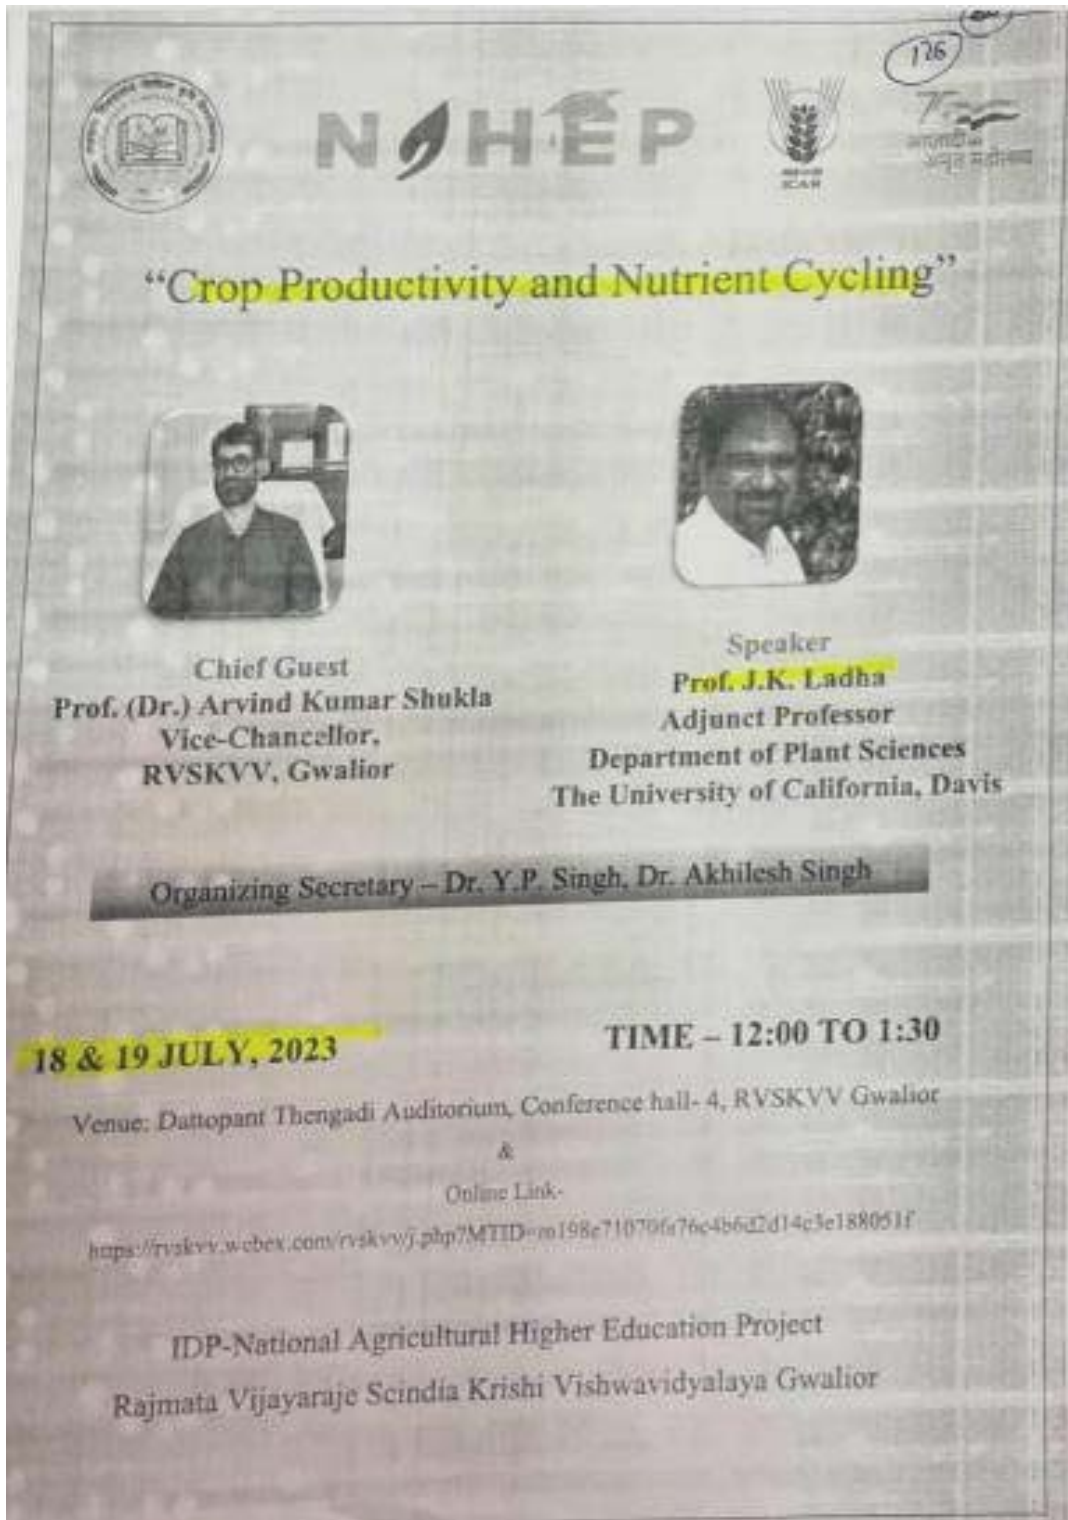

Practical Applicability

By this certificate course students will learn the Urban Horticulture by utilizing every little space available in cities amidst buildings and other constructions for growing plants. They aware the urban people about utilizing the space to raise gardens that can be economically productive while contributing to environmental greening. It can boost food and ornamental plants production, provide job opportunities, promote green space development, waste recycling, and urban landscaping, and result in improved environment.

TRAINING PROPOSAL

As per our discussion, we are submitting proposal of training on Python Programming for the students of College of Agriculture Indore.

Following details are given below:

- # Course: Python Programming
- # Duration: 10 days (4 hours/day)
- # Number of student required : 40+
- # Fee structure : 1875/- per student (Including GST)
- # Date of commencement : In June month
- # Certificate will be given by MSME Technology Centre Indore
- # Training will be given by the expert faculty.

Thanks and regards

COURSE CONTENT *"Python Programming"*

Schedule of 10 day's program on Python Programming.

S.No	Topic	Sub Topic
1	Introduction to Python Programming	<ul style="list-style-type: none"> ➤ Definition and overview of Python Programming. ➤ Advantages and Uses of Python Programming Language. ➤ Introduction to Programming syntax.
2	Python program flow	<ul style="list-style-type: none"> ➤ Introduction to take input from user. ➤ Introduction to conditional statement using If - Else. ➤ Introduction to various types of Operators in Python.
3	Python program flow	<ul style="list-style-type: none"> ➤ Introduction to Iterative statement. ➤ While loop ➤ For loop ➤ Break & Continue ➤ Exception Handling
4	Data structures in Python	<ul style="list-style-type: none"> ➤ List comprehensions. ➤ Tuple comprehensions. ➤ Set comprehensions. ➤ Dictionary comprehensions.
5	Modules & Functions in Python	<ul style="list-style-type: none"> ➤ Understanding the working of Modules & Functions in Python. ➤ Creating own functions. ➤ Import various existing modules in Python.
6	Object oriented programming	<ul style="list-style-type: none"> ➤ Understanding the concept of object oriented programming in python. ➤ Creating classes. ➤ Instance method ➤ Class inheritance

Graphical User Interface(GUI)	<ul style="list-style-type: none">➤ Introduction to Graphical User Interface.➤ Introduction to container and components.➤ Label, Button
Graphical User Interface(GUI)	<ul style="list-style-type: none">➤ Advance GUI components.➤ Entry box➤ Radio buttons➤ Check box➤ Menu bar
Graphical User Interface(GUI)	<ul style="list-style-type: none">➤ Adding functionality to GUI app.
Graphical User Interface(GUI)	<ul style="list-style-type: none">➤ Creating various GUI applications.➤ Make GUI python files executable.

Varbhav Soni
Sr. Engineer

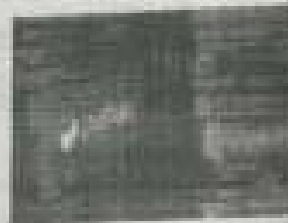

Schedule of Certificate Programme

S. No.	Topic
1.	Introduction of Python Programming
2.	Python Program Flow: 1. Variable type of Data types 2. Various type of Control Statement. 3. User define input
3.	Introduction of Iterative Statement : 1. While loop 2. For loop
4.	Data Structures in Python 1. List 2. Tuple 3. Set 4. Dictionary
5.	Modules and Function in Python
6.	Object Oriented Programming in Python : 1. Class 2. Class Instance 3. Class inheritance
7.	Introduction of Graphical User Interface Introduction to container and components 1. Label 2. Buttons
8.	Introduction of Advanced Graphical User Interface 1. Entry Box 2. Radio Buttons 3. Check Box and Menu Bar
9.	GUI functionality in GUI Application
10.	Customizing GUI Applications

Practical Applicability

By the certificate course the student will learn about the software development language

The course will generate the practical skills towards the technology by which they can develop their own software.

ACTIVITY III : Intoxication free India on world environment day

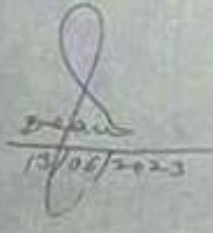

Inward No. 14/6/2023 (163)

विश्व पर्यावरण दिवस-कार्यक्रम

आज दिनांक 05 जून 2023 को कृषि महाविद्यालय, इन्दौर में "विश्व पर्यावरण दिवस" एवं म.प्र. शासन द्वारा चलाये जा रहे नशामुक्ति अभियान विषय पर प्रजापिता ब्रह्मकुमारी ईश्वरीय विश्वविद्यालय, इन्दौर की ब्रह्मकुमारी ऊषा दीदी द्वारा "विश्व पर्यावरण दिवस एवं मेरानारत नशामुक्ति भारत" विषय पर व्याख्यान दिया गया। ब्रह्मकुमारी ऊषा दीदी का स्वागत एन.एस.एस. स्वयंसेवकों में से आंचल गौले एवं एन.सी.सी. की कैंडेट कु. मुस्कान परिहार द्वारा स्वागत किया गया। साथ ही डॉ. एच.एल. खपेडिया (सहायक प्राध्यापक) द्वारा विश्व पर्यावरण दिवस के अवसर पर "ग्लोबल चार्जिंग" विषय पर व्याख्यान प्रस्तुत किया गया। कृषि महाविद्यालय के प्रभारी अधिष्ठाता डॉ. एस.के. चौधरी द्वारा इस अवसर पर पर्यावरण संरक्षण हेतु हमारे दायित्व क्या होने चाहिए विषय पर संबोधित किया गया विश्व पर्यावरण एवं नशा मुक्ति जागरूकता, पर्यावरण के लिए मिशन लाइक स्टाइल के अवसर पर कृषि महाविद्यालय के प्राध्यापक गण, एन.एस.एस. इकाई एवं एन.सी.सी. इकाई के विद्यार्थियों ने भाग लेकर कार्यक्रम को सफल बनाया कृषि महाविद्यालय इन्दौर के परिसर में नशामुक्ति जागरूकता के पोस्टर लगाये गये जिसका सभी प्राध्यापकों एवं विद्यार्थियों ने अवलोकन किया एवं पर्यावरण के लिए मिशन लाइक स्टाइल की प्रदर्शनी भी लगाई गयी। इस कार्यक्रम में उपस्थित सभी प्राध्यापक गणों एवं विद्यार्थियों को नशा मुक्ति हेतु शपथ ग्रहण कराई गई।

AWARENESS OF TRENDS IN TECHNOLOGY (03)

ACTIVITY I Entrepreneurial development through hands-on training in oyster mushroom cultivation technology

**IDP - NAHEP, R.V.S.K.V.V. Gwalior,
College of Agriculture, Indore**

**Entrepreneurial development through
hands-on training in Oyster Mushroom**

**Conducted by:
Department of Plant Pathology
(Mushroom Unit)
College of Agriculture, Indore**

Date:- 06/12/2022 to 07/12/2022

S.No.	Topics
1.	Biology, ecology and taxonomy of mushroom
2.	Production technology for oyster mushroom
3.	Methodology for spawn production technology
4.	Economical dimension for mushroom cultivation
5.	Biotic and Abiotic stresses for mushroom cultivation
6.	Low cost technology for mushroom cultivation, Value addition, products preparation licensing and marketing
7.	Practical approaches for oyster mushroom production technology

Organized By

r. Sharad Choudhary, Nodal Officer

r. Swati Barche, Co-ordinator

r. B.B. Parmar, Co-coordinator

r. H.L. Khapedia, Co-coordinator

r. Veena Rathore, SRF

ACTIVITY II : Short Term certificate course on Robotic applications in agriculture Industry

Short-term certificate course on Robotic Applications in Agriculture Industry

Robotic applications in the agriculture industry involve the use of advanced technology and robotics to automate and enhance various agricultural processes. These robots are designed to perform tasks such as planting, harvesting, crop monitoring, and precision spraying, among others. They are equipped with sensors, cameras, and artificial intelligence algorithms to navigate through fields, collect data, and make informed decisions.

Objectives

Robotic applications in agriculture aim to increase productivity, reduce labor requirements, optimize resource utilization, improve crop quality, and minimize environmental impact. They have the potential to revolutionize farming practices, making them more efficient, sustainable, and cost-effective.

Target Group- B.Sc. (Hons.) Agriculture II Year Students

Duration-10 days

Organizing Institution

Msme Technology Center

Indo - German Tool Room, Indore

Ministry of MSME (Govt. of India)

Dr. Swati Barche
Coordinator

Dr. Mridula Billore
Nodal officer

COLLEGE OF AGRICULTURE, INDORE (M.P.)
Rajmata Vijayaraje Seindia Krishi Vishwavidyalaya, Gwalior

Schedule of Certificate Course

S.no.	Topics
1	Introduction to Robotic Technology in Agriculture Industry
2	Agricultural Robot components and System design
3	Robotics in Crop Management
4	Robotics in Livestock management
5	Data Analytics and Artificial intelligence in Agricultural Robotics
6	Integration of Agricultural Robotics with other Technologies.
7	Robotic System Maintenance and Repair
8	Regulatory and Safety Considerations for Agricultural Robotics
9	Robotic Technology for Sustainable Agriculture
10	Future of Agricultural Robotics

Business Growth Coach's profile Anand Raikwar

B. E-Chemical & MBA- Operation & Industrial Designing (Mumbai) Expert in- CEO Advisory, Start-up creation in Zero Investment. Solar energy. Blockchain Tech. IT. digital Marketing, EPC Consulting, EA Consulting, Blogger, YouTuber, Entrepreneur, Web development, E-commerce Expert, Import-Export & Agriculture. Innovative Scientific Projects, Value added products .Rural Economics Development.

Experience - Anand has 8 years of diverse experience in Business startup with zero investment expert. Blockchain Digital Currency tech. expertise, e-commerce experts, Solar System installation, Skill gap Analysis & enhancement, Entrepreneurship Development in solar Energy Agriculture, Import-Export. Web development, Blog development, Youtube, Enterprise Resource Planning & Role of Business Trainer in Govt & Corporate, Brand Mgm, product & Service Strategy, CRM & BD Strategy.

Practical Applicability

The agricultural skills of the students will be enhanced by the application of robotics in various field operations for movement, localization, capturing, targeting and heading towards the next target using drones for addressing spatial as well as temporal management of crops.

TRAINING PROPOSAL

As per our discussion, we are submitting proposal of training on Robotic Application in Agriculture Industry for the students of College of Agriculture Indore.

Following details are given below:

- # Course: Robotic Applications in Agriculture Industry
- # Duration: 10 days (4 hours/day)
- # Number of student required : 40+
- # Fee structure : 1500/- per student (Including GST)
- # Date of commencement : 15/05/2023
- # Certificate will be given by MSME Technology Centre Indore
- # Training will be given by the expert faculty.

Thanks and regards

Vaibhav Soni
Sr.Engineer

MSME Technology Centre

Indo - German Tool Room, Indore
Ministry of MSME (Govt. of India)

Date:- 02/05/23

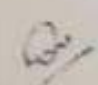

COURSE CONTENT

"Robotic Applications in Agriculture Industry"

S.no.	Date	Topic	Sub Topic
1	15/05/23	Introduction to Robotic Technology in Agriculture Industry	<ul style="list-style-type: none"> ➤ Definition and overview of agricultural robotics. ➤ Advantages and limitations of using robotics in agriculture. ➤ Current trends and future prospects of robotic technology in agriculture.
2	16/05/23	Agricultural Robot components and System design	<ul style="list-style-type: none"> ➤ Overview of the components and system design of agricultural robots. ➤ Understanding the different types of agricultural robots.
3	17/05/23	Robotics in Crop Management	<ul style="list-style-type: none"> ➤ Understanding the importance of robotics in crop management. ➤ Applications of robotics in planting, seeding and harvesting. ➤ Overview of autonomous systems for crop management.
4	18/05/23	Robotics in Livestock management	<ul style="list-style-type: none"> ➤ Understanding the importance of robotics in livestock management. ➤ Applications of robotics in feeding, cleaning and monitoring. ➤ Overview of autonomous systems for livestock management.
5	19/05/23	Data Analytics and Artificial intelligence in Agricultural Robotics	<ul style="list-style-type: none"> ➤ Understanding the importance of data analytics and AI in agricultural robotics. ➤ Overview of machine learning algorithms for crop and livestock management.

6	20/05/23	Integration of Agricultural Robotics with other Technologies.	<ul style="list-style-type: none"> ➤ Understanding the integration of agricultural robotics with other technologies like sensors and drones. ➤ Overview of the Internet of Things (IoT) and its impact on agriculture.
7	22/05/23	Robotic System Maintenance and Repair.	<ul style="list-style-type: none"> ➤ Understanding the importance of robotic system maintenance and repair. ➤ Overview of the maintenance and repair procedures for agricultural robots.
8	23/05/23	Regulatory and Safety Considerations for Agricultural Robotics.	<ul style="list-style-type: none"> ➤ Understanding the Regulatory and Safety Considerations for using Agricultural Robots. ➤ Overview of the laws and regulations governing the use of agricultural robots.
9	24/05/23	Robotic Technology for Sustainable Agriculture.	<ul style="list-style-type: none"> ➤ Understanding the importance of robotic technology in sustainable agriculture. ➤ Overview of sustainable farming practices and how robotics can contribute to sustainability.
10	25/05/23	Future of Agricultural Robotics.	<ul style="list-style-type: none"> ➤ Overview of the future prospects of agricultural robotics. ➤ Discussion on the challenges and opportunities in the field of agricultural robotics.

❖ Hands-on exercises by different videos and online content related to Agricultural Industry

 Vaibhav Soni

Handling mental health issue amidst the Pandemic.

Presentation Slides:-

What is Health ?

- Health is a state of complete physical, mental and social well-being and not merely the absence of disease or infirmity.

What is mental Health ?

- Mental health is a state of well-being in which an individual realizes his or her own abilities, can cope with the normal stresses of life, can work productively and is able to make a contribution to his or her community.

Do and Does not during covid-19 period

MUTANT STRAINS OF COVID-19

Zoom meeting interface showing a grid of participants and a presentation slide.

Covid infection and Vaccine

- 78-82 % efficacy
- Prevents severe infections
- Does not guarantee no infection
- Does not cause mutagenesis
- Effective against most strains in India.

MOLECULAR is presenting

Diagram illustrating the spread of COVID-19 through the respiratory and circulatory systems.

Zoom meeting interface showing a grid of participants and a presentation slide.

How does the vaccine act??

The diagram illustrates the process of a vaccine acting against COVID-19. It shows the injection of an antigen (represented by a green triangle) into the body. This triggers an immune response where cells (represented by purple and yellow shapes) interact with the antigen. The process leads to the production of antibodies (represented by red Y-shaped structures) which bind to the antigen, neutralizing it and preventing infection. The diagram also shows the antigen being broken down and its components being presented to the immune system.

Table 1: SCHEDULE OF THREE DAYS LECTURE SERIES PROGRAMME

Day	SESSION	DATE	Topic
1	LECTURE 1	14/07/2020	Stress management during COVID-19
2	LECTURE 2	15/07/2020	How to boost immunity in COVID-19
3	LECTURE 3	16/07/2020	Economic balance during COVID-19

Three days Expert Lecture series on Victory over Covid-19 Under IDP-NAHEP Program, was scheduled from 14/07/2020 to 16/07/2020 for the under graduate students of COA, Indore. The aimed at focusing the pandemic COVID-19 and create awareness among students. There were a total of three lectures from experts of different discipline covering varied aspects of, stress management during COVID-19, boost immunity and balancing economy during this period. Meeting mode was used to communicate.

SESSION – 1 : Stress management during COVID-19

Date: July 14, 2020

Mode of session - Meeting

Under the NAHEP Institutional Development Plan, online expert lecture series have been specially designed for the students of COA, Indore. A first day series on "stress management during COVID-19" was taken up by Dr. Vishwas Vaishnav, National Management Guru Today i.e. on July 14, 2020 from 10:30 AM to 11:30 AM. He emphasized that "today's era almost every human is under stress" but why the situation rise? Until and unless we don't understand the cause, we won't be able to solve it. We can only reduce stress if we try to motivate and increase our will power. Increase consistency to complete pending work that will gradually decrease stress. They also focused on not to stop chasing our dreams even in tough time like COVID-19, instead we should keep working towards our goal. Present on the occasion were Nodal Officer Dr Ashok Krishna, I/C Dean Dr. Ashok Sharma, Coordinators Dr A.K. Badaya and Dr Swati Barche.

The attendance of the students was 28.

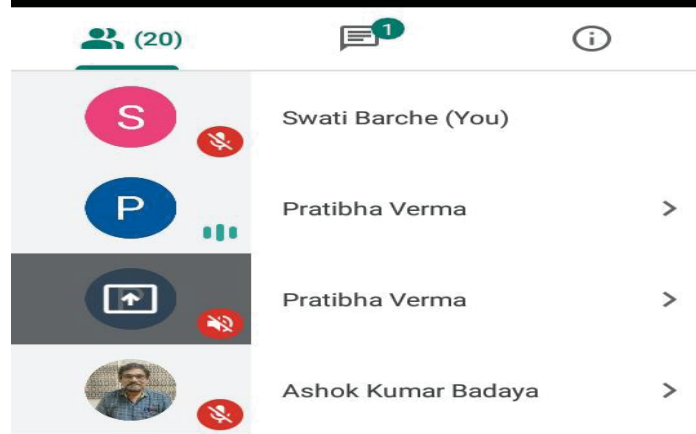

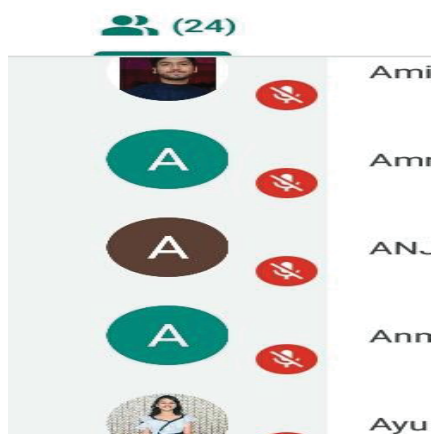

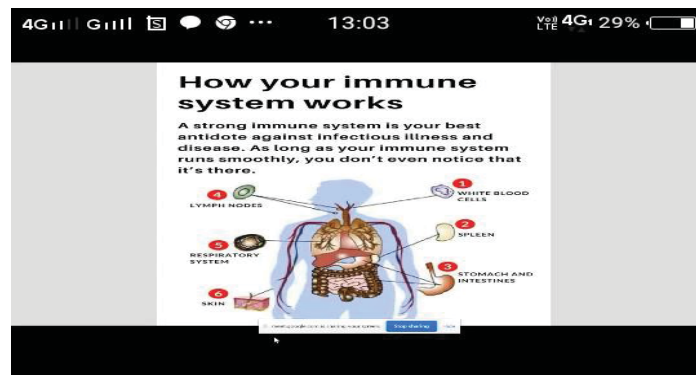

SESSION – 2

Date: July 15, 2020

Mode of session- Meeting Expert - Dr. Pratibha Verma, Assistant Prof., DAVV, Indore

Under the NAHEP Institutional Development Plan, online expert lecture series have been specially designed for the students of COA, Indore. A second day series on "How to boost immunity" was taken up by Dr Pratibha today i.e. on July 15, 2020 from 1:00 PM to 2:00 PM. Defining health she explained that health was the state of balance of functional humors, metabolic fires, tissues and excretions with a pleasant soul, sense and mind. Immunity on the other hand was the capability of multi cellular organism to resist harmful microorganism from entering their cells. However it is possible to boost our immune system with the combination of diet and lifestyle changes. Super foods including Herbs and spices have quality to raise the levels of antibodies to improve overall immunity. Lifestyle changes and regular exercises are important pillars of healthy living contributing towards healthy immune system. Students were made aware of the hazards of junk food and were amazed to know the role of Vitamins for boosting immunity. Importance of balanced diet and micronutrients was also explained. Students enjoyed the lecture. Present on the occasion were Nodal Officer Dr Ashok Krishna, Coordinators Dr A.K. Badaya and Dr Swati Barche.

The attendance of students was 32.

SESSION 3 :

Date: July 16, 2020

Mode of session - Meeting

The session was graced by the presence Dr. Swati Barche Madam Dr. Manisha Shukla from Jaipuria Institute of Management discussed yesterday's assignment given to students and set the tone for students by briefing about the students were questioned about making the session interactive and engaging the students. Students also shared their queries, which was well answered and well received by students. Further, the speaker described about Addressing in excel, addressing types, Values multiplication, raging and freezing of values, relative and absolute addressing, mixed addressing, difference between function and formulas, types of functions and formulas, the session concluded with exercise and alignment on today's learning.

Session 3 : Arranging data for a situation

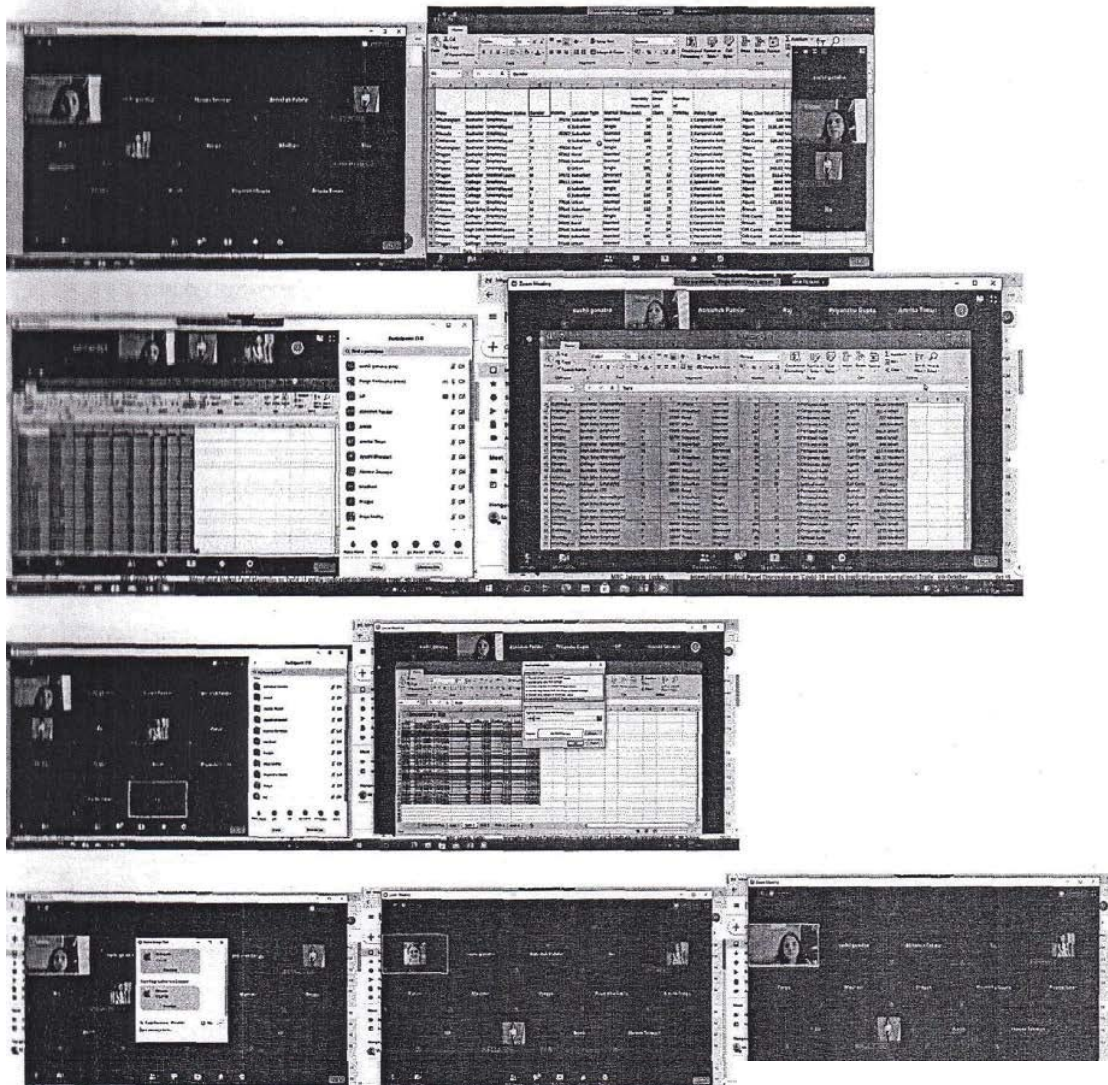

- Conditional Formatting
- Sorting
- Custom list sorting,
- Filtering Data for a situation

Session 4 : Building Logic Part-A

- Understanding basic functions
- IF Function

The Fourth day's session started at 9:30 AM and participants logged in on time, Dr. Pooja Kushwaha briefed about today's session on building logic out of a data and usefulness of tools of excel like sorting, various types of sorting, how to custom sorting, and using various filters on date Identifying and getting the desired information out of the large data.

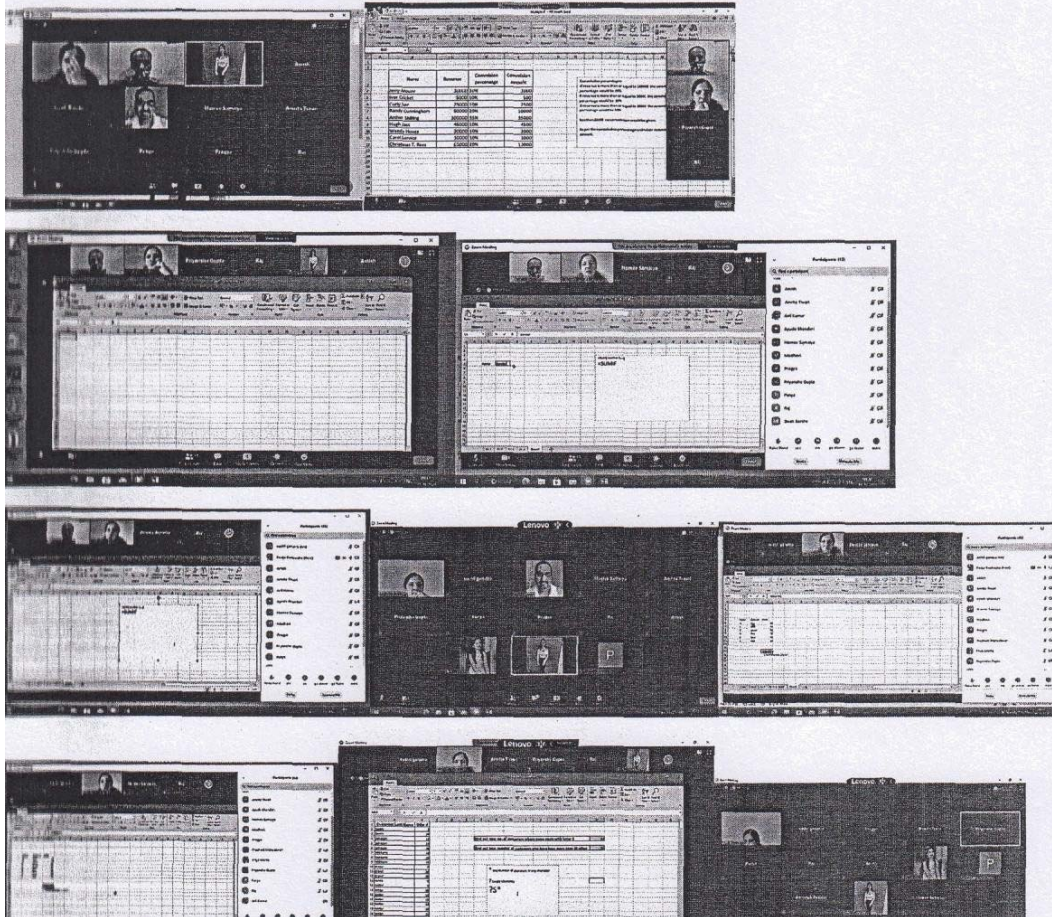

Use of filters, advance filter tabs and sorting of any one value out of a data and customising the sorting as per the required information. Exercises were given to participants to do simultaneously online with session.

Session-5 : Building Logic Part-B

- Sum, count, average, max., min.
- SUMIF, SUMIFS, COUNTIF, COUNTIFS, AVERAGEIF, AVERAGEIFS

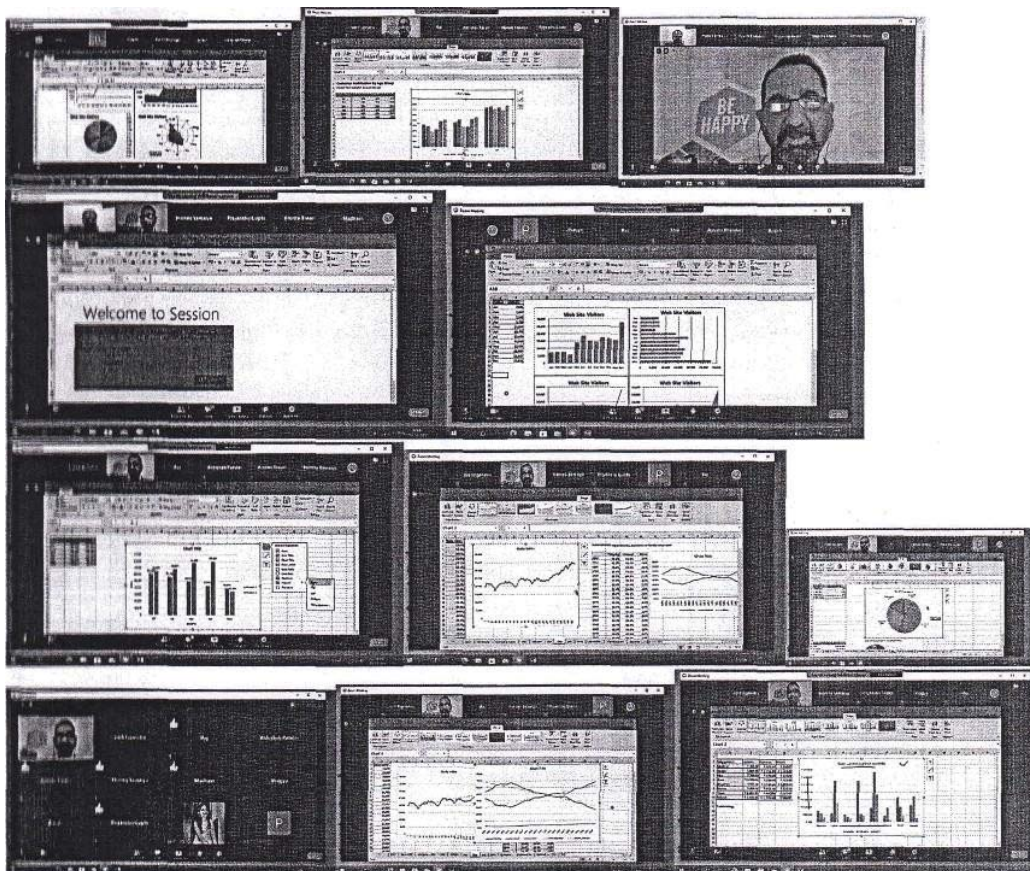

The fifth day's session started at 9:30 AM and participants logged in on time, Dr. Pooja Kushwaha briefed about importance of using functions and formulas and how formulas are different then functions in excel sheet, She explained on If function, use of Sumif, Sumifs, Countif, Countifs and exercise and assignments are given to students.

Session-6 : Representation of Data

- Introduction to various type of charts
- Line, Bar, Column, Bubble, Scatter etc.

The Sixth day's session started at 9:30 AM and participants logged in on time, Dr. Anil Kumar Associate Professor, Jaipuria Institute of Management, started the session with interactive note by asking some questions to students and their understanding on how to represent a data in-front of management, by use of MIS, He talked about visualization of data in excel is most ethical and important aspect of representing the data, once you have a data how to present by using tools of excel to make the particular data meaningful and easily understandable, He explained about the tools of representing data in excel is charts, and Tables, Types of charts, like a talk chart, pie chart, Graphs, and give exercise to students on making the charts and due analysts using various types of chart , how to make the chart in excel by using different functions and formulas and tabs. Like, picking up every element of chart, various elements of chart, classification of chart, create a chart, plot area, chart area, gridlines, series, components of charts, Types of chart, selection of chart, based on understanding data and morning to convey.

Session-7 : Decision Making

- Concept of Pivot tables and charts

The session started at 9:30 AM and participants logged in on time, today's session on how to make decision about what element and chart to be used and values are needed from a particular data and then to choose the most to chart for representing the data and summarization of chart, use of pivot tables, for to Infringe data, what is database, dynamic nature of charts, and generating MIS report, on the bears of the available data and information required. Exercises were given to practice.

Total 81 students actively attended the training programme entitled "Entrepreneurial Development in Mushroom Cultivation" held during 16-17 March 2021, some members of students also attended examinations and qualified for the certificate. Above mentions list of students presented before the committee for verification and payment @1200/students, as rate approved by the purchase committee.

Purchase committee:

1. Dr. K.S. Bangar
2. Dr. N.K. Gupta
3. Dr. B.B. Parmar
4. Dr. R.K. Singh
5. Dr. M. K. Jaiswal

Organizing committee

1. Dr. N.K. Gupta
2. Dr. S. Barche
3. Dr. R.K. Singh
4. Dr. Diksha Tembre

ACTIVITY IV 3 : DAYS LECTURE SERIES ON CROP MANAGEMENT & SOIL HEALTH

NAHEP-IDP (NATIONAL AGRICULTURAL HIGHER EDUCATION PROJECT- INSTITUTIONAL DEVELOPMENT PLAN)

3 Days Lecture on Crop management
and soil health

Conducted by Mr. Ravi Sharad Kelkar

Join us on Google Meet
Platform

Date on 26-28 April 2021

Time :- 2:00 PM

Organized By

Dr. Ashok Kumar Sharma, Nodal Office:
Dr. Swati Barche, Co-ordinator
Dr. B.B. Parmar, Co-coordinator
Dr. H.L. Khapedia, Co-coordinator
Dr. Devendra, SRF

Date	Topic
26/04/21	Crop management – the concept of a modal farm.
27/04/21	Soil and plant nutrient management concept.
28/04/21	Different techniques of the on-farm nutrient management system.

College of Agriculture, Indore

SOFT SKILLS (03)-

ACTIVITY- I Employability Skills Training

Table 1: SCHEDULE OF FIVE DAYS TRAINING PROGRAMME

Day	SESSION	DATE	Topic
1	SESSION1	1/5/2020	Introduction, CVP reparation & Defense
2	SESSION2	2/5/2020	Interview Core Questions & SWOT
3	SESSION3	4/5/2020	Career Related Questions
4	SESSION4	5/5/2020	Subjectand Industry related Questions
5	SESSION5	6/5/2020	Sampled Mock Interviews

Under IDP - NAHEP Program, an online training module code EMSD on Employability skills and Interview skills was scheduled from May, 01 to 06, 2020 for the under graduate students of COA, Indore under the Aegis of CH Edge makers, Indore. The module aimed at focusing on developing interview skills in the candidates from various aspects. Different realms of the interview were dealt in the sessions that followed an aim to develop confidence in the candidates and to help them groom themselves to meet the competitive edges. There were a total of five sessions covering varied aspects of Employability skills and personal interview. Webinar mode as well as meeting mode was used to communicate. Timings of the meeting were tentatively from 3 pm to 4:20 pm.

SESSION-1

Date: May 01, 2020

Mode of session - Meeting

The first session of the first module dealt with an interactive session on personal interview. Tips on 'how to introduce oneself' points to be included in the CV, how to answer the questions, body language etc were dealt with in the session. The students were asked to participate under the guidance of Shri Ajit Shrivastava. Home assignment was given to the students that had to be completed and brought in the next session.

The attendance of students was 32.

Home Assignment for the students

The course material included a sample format of CV. The students were free to modify it keeping in mind the session today. Make an introduction for yourself and write it down. Practice speaking it. Your intro that you make should be for about 1.5 to 2 minutes. If you make it for 2 minutes, then you should be able to speak for about 1.5 minutes in an actual situation. If you don't write your intro, you will not be able to speak fluently and would miss important portions in the actual situation. They emphasized on writing and speaking fluent English along with grammar based skills.

SESSION-2

Date: May 02, 2020

Mode of session - Meeting

The Second session for interview preparation was the continuation of the first session. Students were asked to actively participate on points dealing with strengths, weaknesses, hobbies, C.V. drafting, etc. They were also asked to discuss various aspects of their hobbies as

these were the few points that could be asked by the interviewer/interviewers. These sessions fulfilled the aim to prepare the candidate for questions asked in interview and how to answer them conveniently.

Home assignments were given to the students.

Home assignment for the weekend.

1. Work more on your introduction and write it.
2. Work on your CV.
3. Identify two of your strengths and weakness each.
4. Write them down and write what you are doing to overcome your weaknesses.
5. Think of one example from your life where your strength and weakness played a role.
6. Read the following things about your hobby...
 - A. History
 - B. Experts of that field.
 - C. Current news about that hobby.
 - D. Technical aspects of the hobby.

Attendance of the students - 26

SESSION-3

Date: May 04, 2020

Mode of session - Webinar mode.

The third session was alive interactive session with the following details-

Under the third session of personal interview career related questions were discussed with the students. Student's joined the session through webinar. They registered for the session and joined via a unique link sent. Students kept relevant courseware with them while watching these sessions. Important notes were taken down by the students. SESSION - 3 Case Studies of Successful Entrepreneurs & Execution

Date : May 22, 2020

Mode of Session - Meeting

Resource Person : Mr. Sandeep Atre

The third session of Entrepreneurship Development started with Startups, its initiation and how to be successful in our venture. The most valuable line of the session was "You cannot go back and change the beginning but you can start where you are and change the ending..." For this strong perseverance, initiation and curiosity was necessary in an entrepreneur. Further, Entrepreneurial qualities such as having exposure, maintaining curiosity and taking initiative were the key factors for Startup. Discussing on the topic Key speaker Dr. Sandeep Atre focused on the point that taking initiatives was mainly based on environment and ecosystem in which were side. Clip of Madhopatti village of Jaunpur district in which honesty and harmony made livelihoods to create a great ecosystem along with the village producing IAS officers was also shown to the students. Mr. Atre also pointed out that for Startup India, the action plan focused on three areas: Simplification and Handholding, Funding Support and Incentives, and Industry- Academia Partnership and Incubation. The session was highly interactive and students were enthusiast to learn new things. The session was graced by Dr. Sanjay Sharma, Dr. Swati Barche and Dr. A K Badaya. The key speaker for the session was Dr. Sandeep Atre.

Training Program –**Online - 5 sessions**
SESSION - 1 : Introduction to landscaping

Participant Batch Size–**30 Students**
 Date : **May 25, 2020**

The first day session of the training on Landscape Development started today. The session was conducted in online mode with timings from 3.00 - 4.15 pm. The topic covered during the session was introduction to landscaping, types of gardens, elements of landscaping and importance of landscaping. The students through different slides were shown different types of gardens as well as procedure to design and develop the elements. Students took great interest in learning about landscape development. The online training was conducted under the table guidance of DEVILA Landscapes with Mr Shashank Kshirsagar as the key trainer. The team comprised of Nodal Officer Dr Ashok Krishna, Coordinators Dr Sanjay Sharma, Dr A.K. Badaya and Dr Swati Barche.

SESSION – 2 : Stages of landscaping design

Date : May 26, 2020

Landscape Development training was held today and was conducted in online mode from 3.00-4.15 pm. The topic covered during the session was landscape design and its execution. In this the students were taught procurement of land, analysis of the site, meeting the prospective clients as well as putting up effective presentations of the designs. Students got insight into the landscape design and development process. The session was conducted under the table guidance of DEVILA Landscapes with Mr Shashank Kshirsagar as the key trainer. The team comprised of Nodal Officer Dr Ashok Krishna, Coordinators Dr Sanjay Sharma, Dr A.K. Badaya and Dr Swati Barche.

SESSION – 3 : Details of design segments

Date : May 27, 2020

The third day's session of the training on Landscape Development was held today in online mode from 3.00-4.15 pm. The topic covered during the session was DETAIL OF DESIGN SEGMENTS. In previous sessions the discussion was on how to develop the layout plan of landscape of project. This session dealt with detailing the parts. The main objective of this stage was to develop documents (plan or report) that provide the client with an understanding of the proposed spatial arrangement, programs, functions, constraints, opportunities and overall aesthetic. These documents often included plans, analysis studies (topographic, climatic, land use, vegetation, access, etc), precedent project images, renders (perspective, aerial, etc), and typical material palettes, depending on the clients' requirements. During this stage, documents were developed including plans, sections, schedules, construction details, quantities and a specification for landscape construction .This stage often required coordination with other consultants to reduce the possibility for construction issues and also to allow for resolution of overlapping design elements. Students got insight into the details of design segments and their queries were met with. The session was conducted under the table guidance of DEVILA Landscapes with Mr Shashank Kshirsagar as the key trainer and coordinator. The team comprised of Nodal Officer Dr Ashok Krishna, Coordinators Dr Sanjay Sharma, Dr A.K. Badaya and Dr Swati Barche.

SESSION – 4 : Material selection

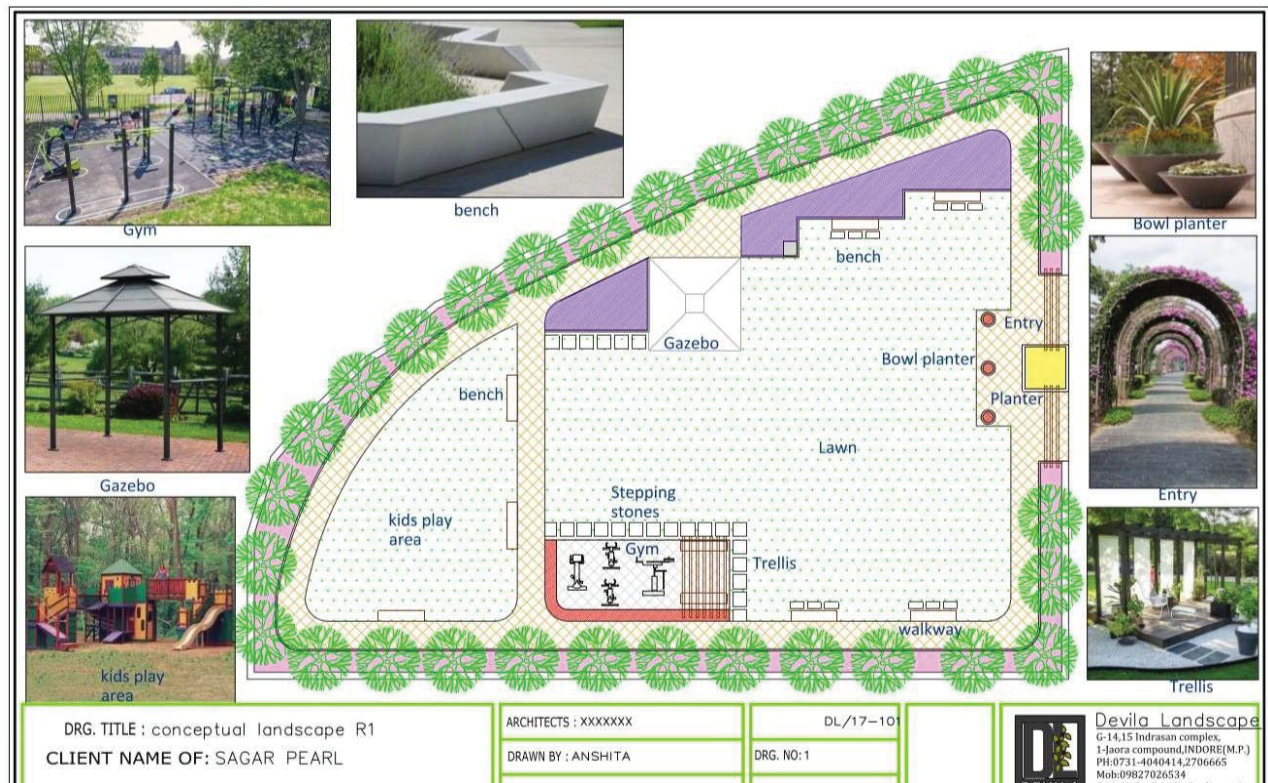

Date : May 28, 2020

The fourth day's session of the training on Landscape Development was held today in online mode from 3.00-4.15 pm. The topic covered during the session was MATERIAL SELECTION. Mr Kshirsagar emphasized that material selection played a vital role in development of project as well as for aesthetic values. It also played an important role in cost of the project. Once the conceptual plan had been finalized, an architect / designer started work on material charts depending upon the theme and need of the project. Material selection was important for both hardscape & Softscape. Materials used in the landscape were discussed in detail. Students got insight into the type of material to be selected for landscape and their queries were met with. The session was conducted under the able guidance of DEVILA Landscapes with Mr Shashank Kshirsagar as the key trainer and coordinator. The team comprised of Nodal Officer Dr Ashok Krishna, Coordinators Dr Sanjay Sharma, Dr A.K. Badaya and Dr Swati Barche.

SESSION 5: Care and maintenance of Developed garden

A well-maintained garden is a healthy garden. Only a garden that is maintained produces edible fruits and vegetables as well as beautiful flowers. Maintaining the garden also improves the desirability of the property. A neglected garden produces weeds and fat garden pests. Maintaining both hardscape & softscape is equally important. They also learnt about training, pruning, Soil management, Lawn planting & its management, preparation of soil bed, methods of planting lawn, Turfing management, maintaining hardscape, and conclude that **Landscaping is an integral part of our culture & plays an essential role in the quality of our environment, affecting our economic well-being and our physical & psychological health. Landscaping is one of the most cost-effective tools for improving and sustain in the quality of life.**

OUT-PUT

Students were updated with latest new development of Landscape & its commercialization. How this landscape can be started at small level and become a big entrepreneur in this field. Student learnt a few steps of soft and hard landscape, types of gardens and how they can develop, its Maintenance, & care. Students know where the agricultural students can fit in the landscape designing & their implementation. Students learnt about schematic plan of landscape.
