

### 7.1.8 Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socio-economic and other diversities

“Club Harmony,” is active under project “Over All Mentoring of Students” in all Colleges creating an inclusive environment of tolerance and harmony through following efforts that address all dimensions of diversity, where individuals from diverse backgrounds feel respected, valued, and included.

1. **Cultural festivals and regional programmes:** Promotion of the cultural awareness and appreciation are essential for holistic grooming. The Inter-Collegiate cultural festival of the University is organised every year to help the students develop empathy, understanding, and respect for diverse cultural backgrounds. The students also take part in regional festivals and programmes consequently they share strong bonding amongst themselves.
2. **Equal Opportunities:** The sports programs promote equal opportunities for students of all genders, abilities, and backgrounds to excel and showcase their talents.
3. **Linguistic approaches:** At RVSKVV multilingual communication and teaching is promoted, which ensures that individuals speaking different languages feel welcomed and understood. Establishment of language lab in each college facilitates the students to learn different languages that develop soft skills also. The medium of instruction in University is English but teaching in both Hindi and English and writing of answers in exams in both the languages are treated equally. Days commemorating languages like “*Hindi Diwas*” are celebrated every year.
4. **Addressing regional diversity:** The Colleges organize events highlighting various Indian traditions of significance like ‘*Ganesh Utsav*’, ‘*Faag Utsav*’, ‘*Navratri Utsav*’ all evoking the sentiments of unity in diversity. History, especially the contributions of freedom fighters and soldiers are the integral part of the lives of the students of the University as the roles of legends for the cause of nation are related during the celebration of important days. By acknowledging diversity the commitment of the University to inclusivity and unity amidst diversity is demonstrated.

**Promotion of communal harmony:** By promoting mutual respect and cooperation, the University tries to contribute to building bridges across diverse communities and celebrates “*Equality Day*” on 14<sup>th</sup> April every year.

5. **Steps in bridging socio-economic diversity:** To bridge the gap of socio-economic diversity, the University offers scholarships, financial aid, mentorship programs, and support services for the students. The scholarship is transferred directly into their account.
6. **Anti-discriminative policies:** The University has anti-discrimination policies that work to eliminate biases and barriers. Committees like Anti-ragging, Women harassment, Anti-discriminative (SC ST and OBC Cells) are constituted as per norms and the reports of the same are submitted from time to time. These committees make sure that there is Zero tolerance to the activities of these sorts. In accordance with Government policy, funds from ICAR are allocated under the SC Sub-plan to conduct mission-oriented activities benefiting SC students and rural communities.
7. **Promoting Caste-Diversity Neutrality:** The University ensures equal opportunities for all, regardless of caste and creed. Under NAHEP, diversity is celebrated, and guidelines ensure equal opportunities for all students to participate in academic programs abroad.
9. **Support services for marginalized groups:** The University offers counselling services creating safe and supportive environment clubs like ‘Shake Hands’ inclusive of both teacher and taught.

# Formation of Clubs

**RAJMATA VIJAYARAJE SCINDIA KRISHI VISHWA  
VIDYALAYA, GWALIOR (M.P.)**

## ***“Formation of club according to different groups”***

RVSKVV embraces diversity by forming various student clubs. From cultural to hobby-based, these clubs provide platforms for students to connect, share experiences, and foster a sense of belonging. Through collaboration and shared passions, we promote unity and holistic well-being across our campus community.

### ***Tribal Club***

*University has constituted a “Tribal Club” to support tribal diversity and to provide tribal students with a safe and inclusive space to express themselves. Various activities related to tribal culture are being conducted time to time under this club.*

## ***“Art & crafts”***

At RVSKVV, we believe in nurturing creativity and support a vibrant arts community among our students. Through a wide range of extracurricular activities, we promote art as an essential aspect of holistic education. From painting to music, drama to dance, and everything in between, our programs provide students with opportunities to explore, express, and excel in their artistic endeavors. Through exhibitions, performances, workshops, and collaborative projects, students not only develop their artistic skills but also cultivate a deeper appreciation for the arts and their role in society. Whether they're beginners or seasoned artists, our goal is to empower students to unleash their creativity, build confidence, and enrich their lives through the transformative power of art.

# Linguistic Approaches

**RAJMATA VIJAYARAJE SCINDIA KRISHI VISHWA  
VIDYALAYA, GWALIOR (M.P.)**

### ***“Linguistic approaches”***

At RVSKVV multilingual communication and teaching is promoted, which ensures that individuals speaking different languages feel welcomed and understood. The medium of instruction in University is English but teaching in both Hindi and English and writing of answers in exams in both the languages are treated equally. Days commemorating languages like **“Hindi Diwas”** are celebrated every year.

# Diversity in The University

**RAJMATA VIJAYARAJE SCINDIA KRISHI VISHWA  
VIDYALAYA, GWALIOR (M.P.)**

## ***Diversity in University***

Diversity in a university context individuals from varying religious, cultural, caste, and linguistic backgrounds. Embracing this diversity creates an inclusive environment that enhances learning, personal growth, and community engagement.

Diversity in RVSKVV:

**Cultural Exchange and Understanding:** Students from diverse backgrounds engage in cultural exchange through events, festivals, and clubs. This activity creates mutual respect, empathy, and appreciation for different traditions and perspectives.

**Educational Enrichment:** The curriculum reflects diverse perspectives, histories, and contributions from different cultures and regions. This exposure broadens students' understanding of global issues and enhances critical thinking skills.

**Supportive Environment:** Support services cater to the specific needs of students, whether linguistic, religious, or cultural. This includes language support, cultural clubs, and counseling services sensitive to diverse identities and experiences.

**Community Building:** Diverse students and staff organizations and affinity groups provide spaces to connect, share experiences, and build a sense of belonging. These students groups often collaborate on initiatives promoting social justice, equality, and advocacy.

**Interfaith Dialogue:** Interfaith dialogue initiatives promote understanding and respect among students of different religious backgrounds. These discussions encourage open communication, tolerance, and cooperation on shared values and community service.

**Representation and Leadership:** Faculty and staff from diverse backgrounds enrich academic discourse and mentorship opportunities. Their presence and leadership provide diverse role models and contribute to institutional inclusivity.

**Celebration of Differences:** The University celebrates diversity through awareness campaigns, diversity weeks, and inclusive policies that ensure equal opportunities for all students, regardless of background.

**Continuous Improvement:** Regular assessment and feedback mechanisms ensure ongoing improvements in diversity initiatives. This includes listening to student voices, evaluating program effectiveness, and adapting strategies to meet evolving needs.

RVSKVV, GWALIOR (MP)

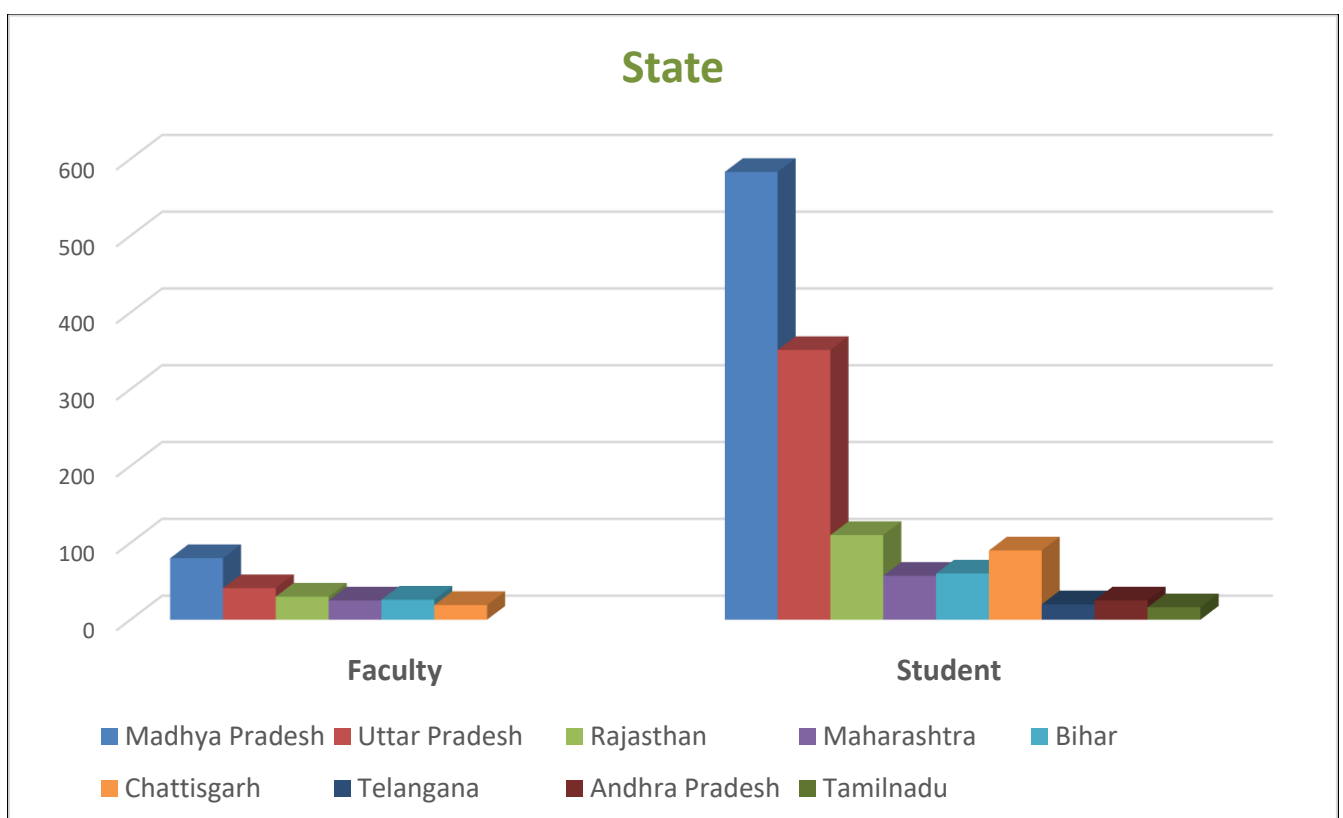

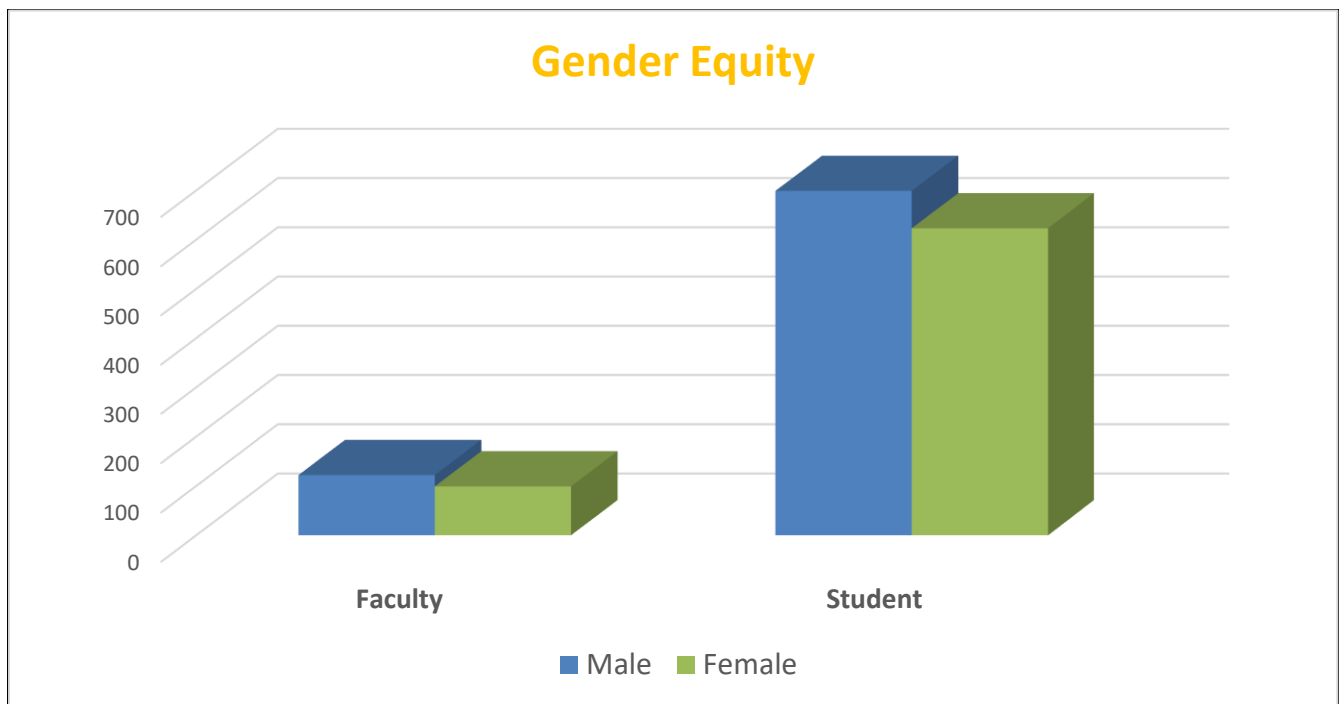

**METRIC 7.1.8**

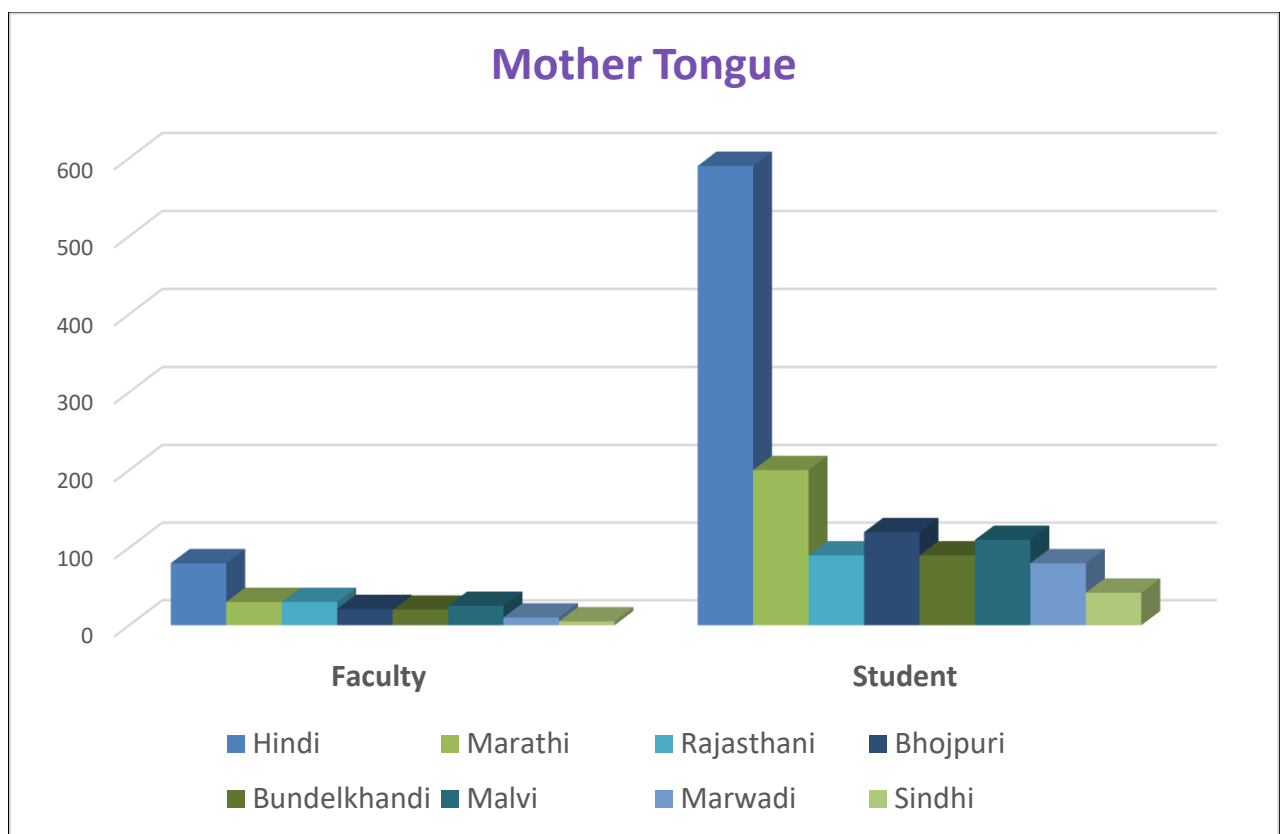

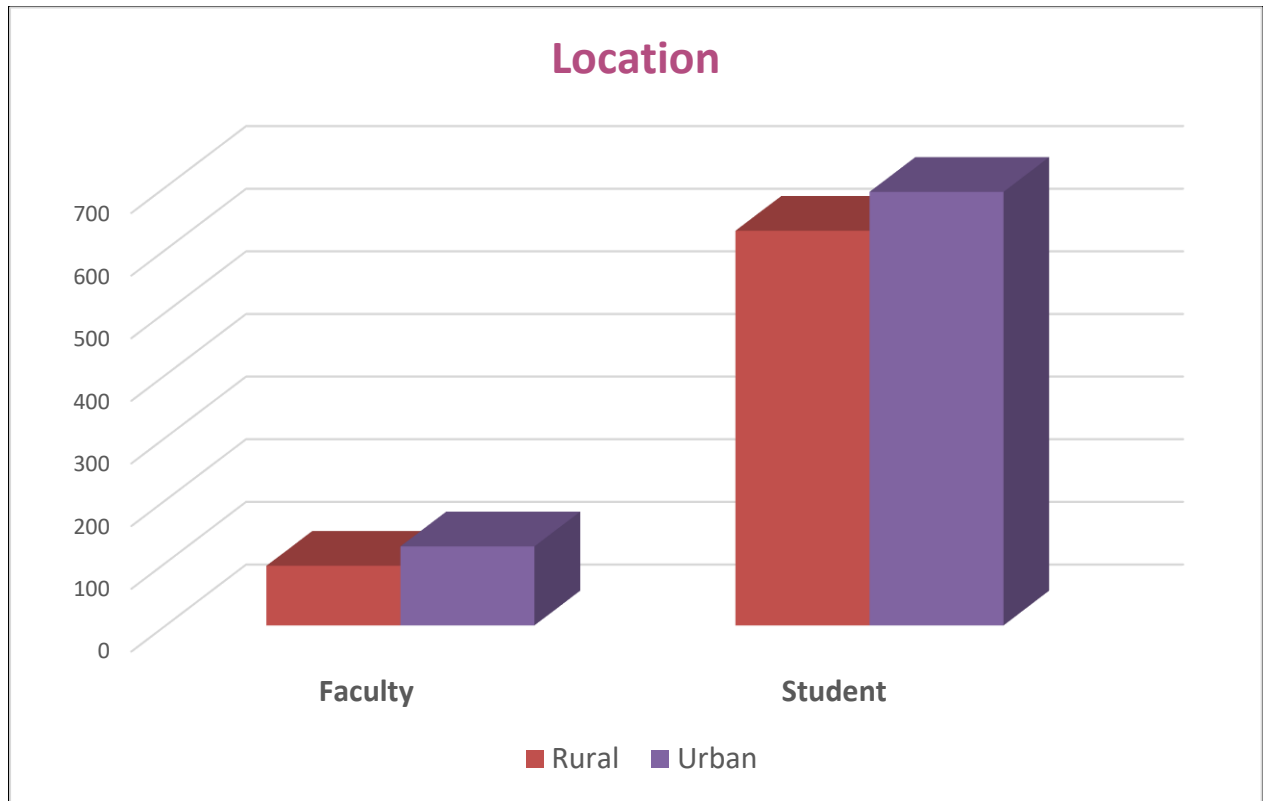

**Commitment to Equity:** The University demonstrates a commitment to equity by addressing systemic barriers and promoting a fair and inclusive environment for all members of the campus community.

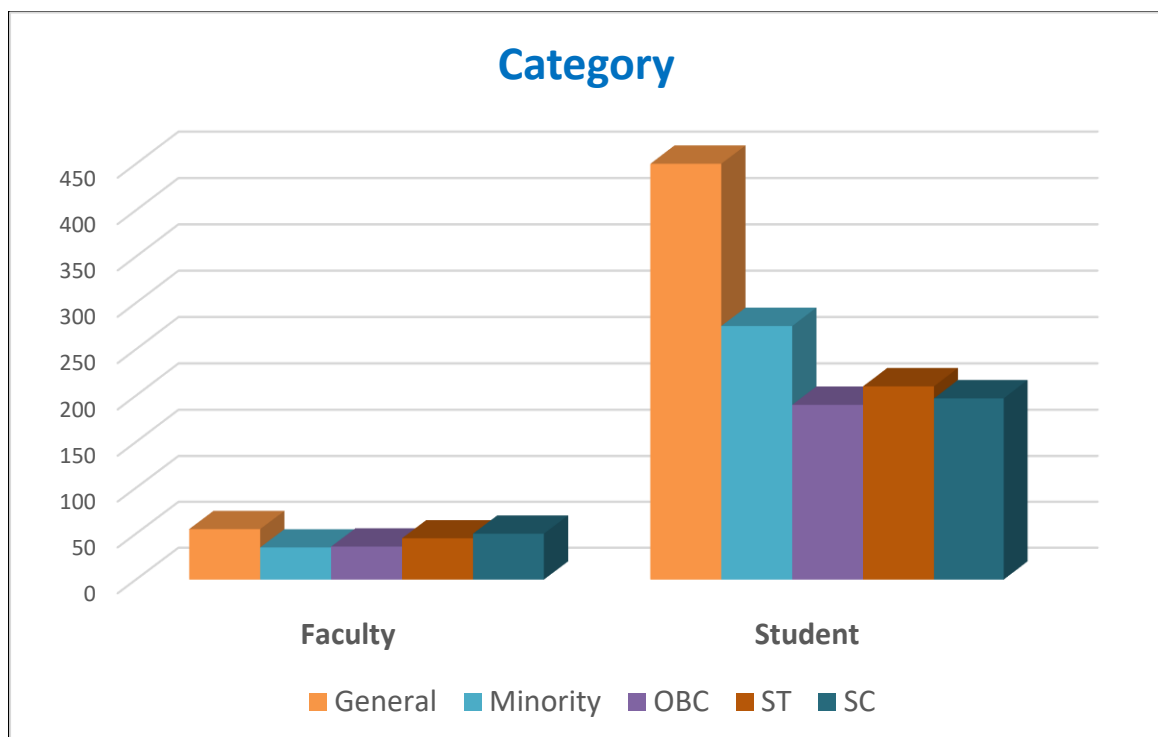

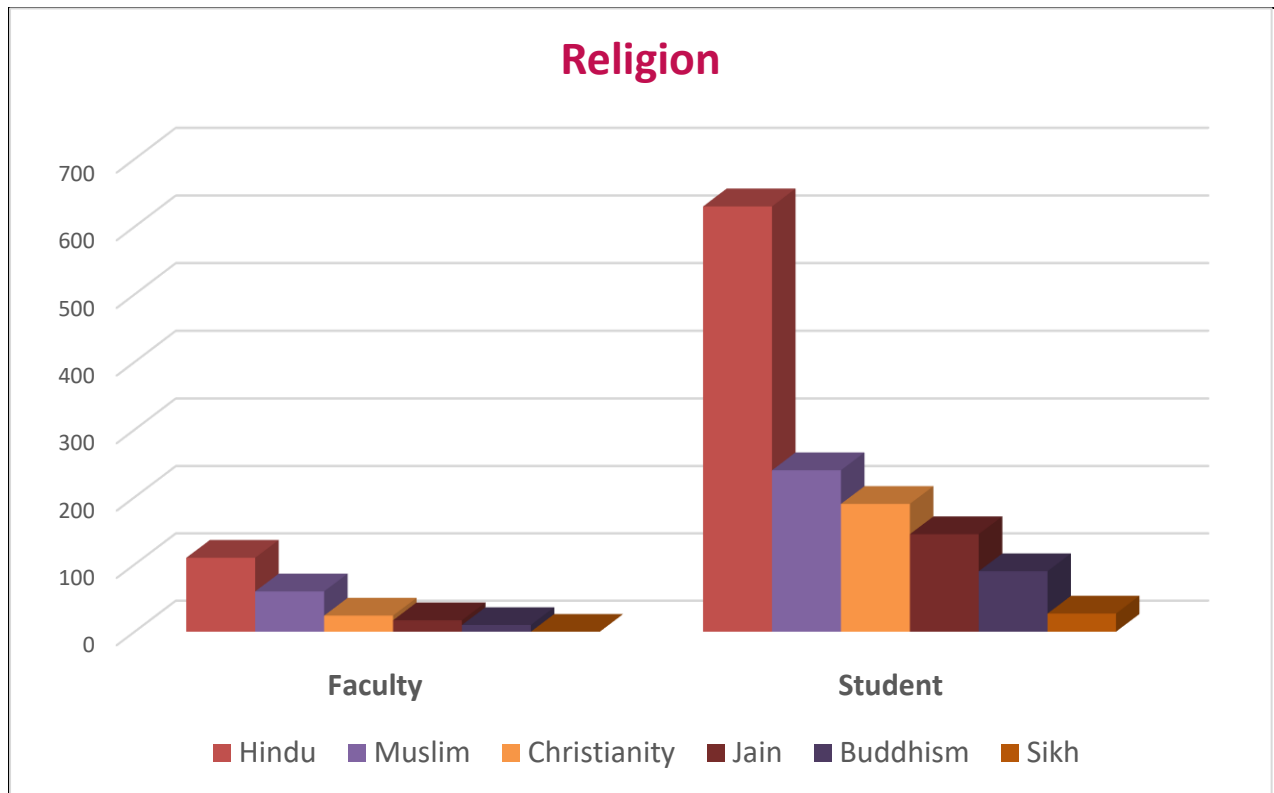

RVSKVV believes, diversity in a university setting not only enriches the educational experience but also prepares students to navigate a multicultural society with empathy, respect, and a commitment to social justice. It helps to create a vibrant campus community where all individuals feel valued, respected, and empowered to succeed.

*(Data is collected with total number of 1543 including current students, alumni and teaching staff)*

# Promotional Activities for Millets

**RAJMATA VIJAYARAJE SCINDIA KRISHI VISHWA  
VIDYALAYA, GWALIOR (M.P.)**

## Promotional activities for Millets

Millets, termed as 'nutri-cereals' enjoy the indispensable place in Indian dietary system, since time immemorial. To create domestic and global demand and to provide nutritional food to people, Government of India proposed to UN for declaring 2023 as International Year of Millets. Under the ambitious NAHEP programme of which RVSKVV, Gwalior was also one of the stakes holders sensitizations of the farmers, students and the common citizens toward the use of millets crops in daily diet, a special programme "Millet School on AIR" was conceptualized by the directorate of extension RVSKVV. In this context 2 resource people from university were invited to deliver a comprehensive talk on the production aspect and the value addition of millets. The recorded talk is being broadcasted in AIR and Door Darshan as a special campaign and for its wider dissemination is also loaded on you tube.

## RVSKV takes up the cudgels to spread millet awareness

NIDHI DEVIYA  
cityindore@fpi.co.in

2022-2023 is being celebrated as the international year of 'Millets'. In this regard, Rajmata Vijayaraje Scindia Krishi Vishwavidyalaya, (College of Agriculture Indore), has taken up the initiative to spread Millet Awareness among students, local people and farmers. The programme is conducted by Scientist Nisha Sapre (Nodal officer Millet), under the guidance of Dr Mridula Billore.

Under 'Millet Awareness Programme', nine types of Kharif millet crops have been sown in a millet crop cafeteria which is spread in around 1 acre farmland for demonstration and identification of millets right from

the initial stage to maturity. This is being done to make people aware about millet crops and how to identify and differentiate between different crops. The variety of Kharif crops sown are Shorghum, Porso Millet, Pearl Millet, Foxtail Millet, Finger Millet, Brontap Millet, Branyard Millet, Little

Millet and Buckwheat.

If farmer grows these, it provides a huge benefit as they grow in less fertile soil, less water requirement than wheat, soybean or rice and these crops are tolerant to insect and are pest resistance. We can grow the crops chemical free. It requires less manpower and electric-

ity and is highly beneficial for the human body.

One research is being conducted under the same programme in collaboration with Indian Council of Agricultural Research (ICAR), in which farmers can use the technique of inter-cropping like growing shorghum with soybean. This will lead to dual income benefit for farmers. If they grow shorghum with soybean, they will get benefit of 10pc and if they grow pigeon pea (arhar) with shorghum then they will get benefit of 25pc.

50 farmers of Dewas and Alirajpur district have been selected for frontline demonstration to compare their indigenous technology with the improved technology.

### AWARENESS PROGRAMME

The theme of the Independence Day programme was kept millet based – poems and songs were based on millets.

Rally on millet awareness have been conducted Training is provided to 100 framers of Alirajpur. Millet baskets were distributed to farmers which included all nine types of millets.

In the coming month and on the eve of Ganesh Chaturthi – rangoli making, poster making and debate on the millet theme are to be organised.

### WHY MILLET AWARENESS PROGRAMME

At the time of green revolution, 20pc of millet was contributed to the national food product. Now it has declined to 6pc in which small millets are declined by 89pc, shorghum by 68pc and the least is pearl millet with a decline of 20pc.

Millet consumption by bottom line people in rural areas was 1 kg per capita, per month, which has now declined to 275 gram per capita, per month whereas millet consumption by top line people was 1 kg per capita, per month and now it has declined to just 100 gram.

Millets are very healthy for human body, as it is rich in calcium, iron and magnesium and are gluten-free, which makes it easy to digest. A person should prefer multigrain to get a balance diet and try not to make it junk in form of cookies and other items.

## *In-Service Training on Millets*
