## B.M.COLLEGE OF AGRICULTURE, JASWADI ROAD KHANDWA (M.P.) PIN: 450001

#### **RULES FOR TENDER**

Online bids are invited only from Manufactures or their Authorized Dealers FOR SUPPLY AND ESTABLISHMENT OF FERMENTER UNIT [Fermenter/ Bioreactor Vessel (200 Ltr Gross volume) – 4, RO Water Plant (1000 ltr/hr) – 1, Steam Generator (50kg/hr) – 1, Chiller with 200Lt tank (3TR) – 1, Oil Free Air Compressor (1000 LPM) – 1, Formulation Tanks (200 Lts gross volume) – 2 and 1 Bottle filling, Sealing, Capping and Labeling machine (200L/ batch)] for B.M. College of Agriculture, Khandwa. Bids will be opened at Dean B.M. College of Agriculture, Khandwa -450001 Madhya Pradesh.

A complete set of bidding documents may be purchased by any interested eligible bidder on the submission of online Tender Fee **Rs. 2000/- + Processing Fee (RS. Two Thousand only + Processing Fee)** online from websitehttps://mptenders.gov.in. Tender without online fee will be rejected.

- 1. Manufacturer's certificate / Authorized Dealer certificate issued by the manufacturer should be given. In absence of Manufacturer Certificate (If bidder is Manufacturer) or Authorized Dealer certificate (If bidder is authorized dealer) the tender will be rejected.
- 2. The Online tender should contain scanned copies of documents as indicated in the check list (Page 3). Please note that the fact that the bidder has signed the form given at Annexure-1, will mean that the bidder has completely accepted these tender rules and that the bidder agrees to abide by these tender rules. No deviation from tender rules will be accepted under any circumstances even if the Tenderer may mention his own condition in his tender. The tender rules and clause usually printed on tenders or bills will not be binding on this institute. If form "A" is signed by bidder in token of his acceptance, it is expected that he should not mention any other tender conditions.
- **3.** The contents of the form "A' should not be changed or amended. In other words tenders on stipulated conditions will not be acceptable by this office.
- 4. It should be noted that all mandatory documents should be uploaded on the portal and such documents which have been uploaded in the specified manner will only be considered. Hard copies of uploaded documents in a way as indicated in the Check list should reach the undersigned by Speed Post only within the specified time limit given in

the schedule of KEY DATES (Page 2). Hard copies of any other document other than those that have been uploaded will not be considered. If the original hard copies of the desired documents are not submitted in the office of the purchaser within the specified time mentioned in the key dates and time, the tender shall be rejected at the time of opening the technical bid.

- 5. No person or firm shall submit more than one Tender for the same item. No offer should have more than one model quoted; in case of more than one alternate offer only the first option will be considered.
- 6. The bidder must have experience of executing at least five such projects for which the bidder is quoting the prices during the last three years (2017-18 to 2019-20). The information of execution of such work should be shown in **Annexure-5**.
- 7. Compliance Certificate/ No deviation statement should be submitted in respect of Technical specifications in the prescribed format clearly stating the compliance, supported by technical literature with clear reference. This statement must be signed, with the company seal, by the Tenderer for its authenticity and acceptance that any incorrect or ambiguous information found submitted will result in disqualification of the offer. No other format will be accepted. In absence of No deviation statement, the tender will be rejected. This information should be submitted as Annexure-7.
- 8. The price/ rates must be quoted online only. The price/ rate must be exclusive any tax.
- 9. GST and other taxes, if any, should be shown separately and it should not be included in the rate/ price of the item. The items are being purchased and installed for research purpose, hence the taxes may be applicable as per the govt. taxation rules.
- 10. Any other charges, such as technical service charges, cost of training, installation charges, TA/DA of Tenderer's staff *etc*. will only be borne by the tender.
- 11. All losses during transit will have to be made good by the Tenderers at his cost within a period of 15 days.
- 12. No insurances charges will be borne by the consignees under any circumstances.
- 13. The Bidder should furnish the information on satisfactory performance in the Proforma given under **Annexure-4.** Performance certificate from purchaser/user also must be attached.

- 14. The Bidder should furnish data to support that he has the financial capacity to perform the contract. For this the bidder should submit documents for Annual Turnover along with audited balance sheet duly certified by the Chartered Accountant (Please refer Check List Sr.No. 12 & 13 on Page3).
- 15. Tender should be accompanied the Earnest Money (EMD) of Rs. 1,40,000/- (Rs. One Lakh Forty Thousands Only) deposited online or proof of exemption (NIS Certificate against exemption from deposition of EMD should be strictly for only indigenous manufactured items not for items of foreign origin/manufactured in foreign countries other than India. Moreover tendered item should strictly be matched with the list of NIS for which any firm has claimed for exemption from EMD. Otherwise claim is not valid and tender will not be accepted).
- 16. The bidder must submit the copy of GST registration and PAN card otherwise the tender will be rejected.
- 17. The offer must mention make, model all the specifications of the item clearly. The company must enclose printed literature/catalogue/manufacturer's web-site showing detailed technical specifications required. A folder showing many instruments without detailed technical specification, or tailor made literature mentioning "yes" or "as per your specifications" for the specifications asked for, will not be considered. Specifications given in the offer must match to the website and/or printed technical literature otherwise the offers shall be rejected. 16. Technical specifications of the equipment / items have been very clearly formulated by the users/experts of the field as per the requirement of the work to be conducted. It will be sole discretion of the bidder whether to quote or not for equipment with particular specifications.
- 18. Security Deposit of 10% of the total value of the order in the form of Bank Guarantee/ FDR will have to be deposited by the successful bidder before the final orders are placed with him. Security Deposit (Bank Guarantee/ FDR) should be submitted in favor of the RVSKVV A/C KHANDWA. If the demanded security deposit of 10% is not deposited by the specific period the Earnest Money already deposited with the tender is liable to be forfeited. Format for security deposit form is given in **Annexure-9**.
- Earnest Money/ Security Deposit submitted to this office in previous tenders will not be adjusted towards the present supply/work and no request will be entertained in this regard.

- 20. Delivery Period will be 180 days from the date of the issue of purchase order.
- 21. The successful bidder should execute the work FOR SUPPLY AND ESTABLISHMENT OF FERMENTER UNIT complete in all respects on a TURN KEY BASIS within the prescribed delivery period specified in the order. If the bidder faces difficulty in executing the work within the delivery period and is not extended by the purchaser then the order may be cancelled and the security deposit equivalent to 10% of the value of the order for that particular Institute will be forfeited.
- 22. Bidder should give all relevant specifications about every item. "Specification as given in catalogue" quoted in tender by the bidder will not be accepted. Full specification must be written in tender positively and should also be supported by illustrative pamphlets and all other relevant literature and catalogues.
- 23. The purchaser shall have the power to extend the time limit.
- 24. The undersigned may get the items inspected by the third party/ Govt. officers/ such person or persons he deems fit, before supply at site or after supply at the institute. The purchaser reserves the right to reject such items which do not come up to the specification. The decision of the under signed will be final in such cases. The rejected items will be returned on the bidder's cost.
- 25. Technical Specifications of the items are shown in **Annexure-06 (containing specifications for materials to be used, description of work).**Technical specifications of the equipment / items have been very clearly formulated by the users/experts of the field as per the requirement of the work to be conducted. It will be sole discretion of the bidder whether to quote or not for an equipment with particular specifications.
- 26. The quantities shown are approximate and can be altered by the purchaser.
- 27. The Tender and rates quoted by the bidder will be valid up to 12 months from the date opening of the tenders. All order placed up to this date on the rates quoted will be binding on bidder.
- 28. Rates should be quoted F.O.R. destination and installation charges at B.M. College of Agriculture, Khandwa.
- 29. All consignment must be dispatched freight paid. "To pay" Railway Receipt/ Freight Receipts will not be accepted.

- 30. The undersigned reserves the rights for any changes/ cancellation/rejection of any part or whole tender, without assigning any reason what so ever.
- 31. The undersigned reserves the right to accept or reject any or all offers in full or in part without assigning any reason (s) thereof. It also reserves the right to place and order wholly or in part with one or more than one firm as it may be convenient
- 32. The tenderers must provide guarantee/warranty on manufacturers' letterhead of satisfactory functioning of the equipment/system and free service including free replacement of parts for a period of at least 3 years from the successful and satisfactory installation of the equipment/system. Original to be deposited by the successful bidder at the time of supply.
- 33. Guarantee Certificate: The Successful bidder will have to submit the Guarantee certificate of the item as per Annexure-8, with the invoice/ bill of the item.
- 34. 90% payment will be released after complete execution of the work as per specifications and installation and demonstration. Remaining 10% of Payment will be made after one month. Therefore the invoice should be prepared separately for 90% and 10% of the total cost.
- 35. Contract agreement form is shown in Annexure-10, which will be signed by the successful bidder.
- 36. Any Tender received by the purchaser after the deadline for submission of bids prescribed by the Purchaser, will be rejected. The tender received online but the hard copies not received in prescribed time or *vis-a- vis* will be rejected.
- 37. Approval/ decision of College level purchase committee or University level Central Purchase Committee will be final and binding.
- 38. It must be noted that normally all correspondence and transactions will be made only with the parties whose tenders have been accepted and not with anybody else.
- 39. Any dispute arising out of this tender or supply or any other matter will fall under the civil jurisdiction of High Court Jabalpur (Bench Indore) only.
- 40. The bidder will have to submit hard copies of all documents that have been uploaded while submitting the online bid within the time limit as specified in 'KEY DATES'. Only after receiving all the documents including those not uploaded but required as specified elsewhere and subsequent verification of the same, the purchase order will be issued.

41. If firm wishes, they can send their representatives, duly authorized in writing, to attend the Technical Evaluation and clarification regarding bids which is scheduled at 11:00 Hrs on 29th August 2020.

### 42. Most Essential Facilities Required:

In addition to the above, following facilities are also to be included in the proposed price by the firm:

- Whole unit should be fixed/ installed in a way that it should be functionally and operationally viable.
- Three years AMC along with spare parts, consumables and breakdown visits.
- Training of employee for easy operation of equipments and the complete unit.
- Performance security one batch run.
- Software for data logging and report generation.
- New technology clearly reflects in products.
- 43. Certifications: weightage will be given to the firms having following certifications:
  - ISO 9001-2015 certification
  - CE certification
  - ISO 3690-2012 certification (welding process)
  - WHO-GMP Certification
  - ISO 10002-2004 certification
  - 14001:2015
  - OHS/1546 certification

| 4     | Operating System: Induction Motor With Cam System             | Functionally & technically |
| 5     | Output/ Min : 2-30Bottles /Hr of 250- 1000 ml Bottle          | Functionally & technically |
| 6     | Power : 1 HP 440v 3 Phase 50Hz 3 Wire System                  | Functionally & technically |
| 7     | Input (Container Dia/Height): 24mm to 56mm Dia/Height         | Functionally & technically |
|       | 120mm Max   |                            |
| 8     | Filling System : Fully Automatic with PLC                     | Functionally & technically |
| 9     | Fill Range : 250 ml to 1000 ml                                | Functionally & technically |
| 10    | Filling Accuracy : $\pm 0.5$ to 1% Filling accuracy on single | Functionally & technically |
|       | dose  |                            |
| 11    | Tank Storage Capacity : 200 L                                 | Functionally & technically |
| 12    | Machine Construction: Stainless steel SS 304                  | Functionally & technically |
| 13    | Filling Time: 6 hrs/day.                                      | Functionally & technically |
| 14    | Bottle Liquid fill size: 250 ml-1000 ml                       | Functionally & technically |

| S. No | Specification   | Remark                     |
|-------|---|----------------------------|
| 15    | Volume: 200 Lits/ batch Filling                           | Functionally & technically |
| 16    | Vessel will have Sterile Air supply to transfer Liquid to | Functionally & technically |
|       | Feed container of Bottle filling system.                  |                            |
| 17    | Aseptic Bottle filling system with Laminar Air Flow       | Functionally & technically |
| 18    | Skid mounted Fully Automated Bottle capping, Sealing &    | Functionally & technically |
|       | labeling machine with compatible head                     |                            |
| 19    | Fully Automatic with sterile condition with a view to     | Functionally & technically |
|       | maintain aseptic condition                                |                            |
| 20    | Fully Automatic Bottle labeling system with all accessory | Functionally & technically |
| 21    | Complete line comes with Minimum 17 Fit SS convener       | Functionally & technically |
| 22    | All compatible accessories required in fitting            | Functionally & technically |

#### **Most Essential Facilities Required:**

In addition to the above specifications, following facilities are also to be included in the proposed price by the firm:

- Whole unit should be fixed/ installed in a way that it should be functionally and operationally viable.
- Two years AMC along with spare parts, consumables and breakdown visits.
- Training of employee for easy operation of equipments and the complete unit.
- Performance security one batch run.
- Software for data logging and report generation.
- New technology clearly reflects in products.

Certifications: weightage will be given to the firms having following certifications:

- ISO 9001-2015 certification
- CE certification
- IS0 3690-2012 certification (welding process)
- WHO-GMP Certification
- ISO 10002-2004 certification
- 14001:2015
- OHS/1546 certification
