//Notice//

The humanity is experiencing the unprecedented kind of situation during the period of Covid and ensuing lockdown that has created the atmosphere of fear, apprehension, anxiety and expectation amongst the human kind. The students' community is one of the worst hit segments of the society vacillating between resignations and anticipation. It has come to the notice of the Higher Authorities of the University through telephonic conversation with most of the students of the University that they are anxious and troubled. In prevailing circumstances it has become the immediate duty of academic institution to provide mental support to the students' community so that they can remain hopeful for the future while stringently following Covid protocols.

It is expected that the faculty members will get themselves connected continuously with the students allotted to them through Shake Hands components based on mentor-mentee system, so that the students will not feel marooned during these troubled days.

In prevailing circumstances a virtual meeting of all the committees existing in the Constituents Colleges of RVSKVV Gwalior is scheduled to be held on May 5, 2020 at 11:00 Am in which the issues regarding warding off the challenges in academic institutions in upcoming days will be discussed. Link for the same has been shared through WhatsApp group of the University.
